Oulton, Carlton, Louth, and

Leeds, Hunslet, and other places.

Friday, January 1, 1909.

HUNSLY BOARD OF

GUARDIANS.

A fortnightly meeting of the above Board

was held on Wednesday afternoon, at the

office, Hunslet, there being in attendance Mr.

T. Park (chairman) presiding, Mrs. Dickenson,

Mrs. Killingbeck, Rev. M. J. Dillon, Messrs.

Butterick, Schofield, Green, Good, Wilson,

Edwards, Parsons, Park and Mrs. Dickenson.

Two committees, Messrs. Wilson, Newsome,

Baker, Morris, Knight, Barratt, with the

clerk (Mr. A. and assistant clerk (Mr. Ward).

CHILDREN'S HOMES.

At a meeting of the Children's Home

Committee held on the 21st December there

were present Messrs. Schofield (chairman),

Butterick (vice-chairman), Baker, Parsons,

Edwards, Parsons, Park and Mrs. Dickenson.

A letter was received from Messrs. J. Batty

& Sons, stating that the selected pattern of

linoleum is only made in the B. quality. It

was agreed that sample No. 2 be selected. A

report was received from the Superintendent

with regard to children in the Home who,

in his opinion are likely subjects for emigration

to Canada. It was agreed that the Clerk

should compile a list of names of children

to Canada in February and April next, and

enquiring if the Guardians have any to accom-

pany. Also stating the terms on which the

matter was brought forward. The Clerk

decided the matter at the next meeting. A

letter was received from Mrs. Dickenson

stating that the children in the Home who

have been increased recently. The question of

Mrs. Hudson's incapacity for duty and the

necessity for some different arrangements

was discussed. It was agreed that the Clerk

should enquire into the matter, and if it

was found that the Clerk was unable to

perform his duties, that the Clerk should

be relieved of his duties, and that the Clerk

should be relieved of his duties, and that the

Clerk should be relieved of his duties, and

that the Clerk should be relieved of his

duties, and that the Clerk should be

relieved of his duties, and that the Clerk

should be relieved of his duties, and that

the Clerk should be relieved of his duties,

and that the Clerk should be relieved of

his duties, and that the Clerk should be

relieved of his duties, and that the Clerk

should be relieved of his duties, and that

the Clerk should be relieved of his duties,

and that the Clerk should be relieved of

his duties, and that the Clerk should be

ROTHWELL TEMPERANCE 'VIOLET'

BAZAAR.

The Rothwell Temperance Society held

their annual bazaar in the Council School,

Carlton Lane, during the Christmas holidays.

The rooms were appropriately decorated, and

the effort, well planned, on the last day

the room being crowded.

The bazaar was opened by Mr. T. Shear-

man on behalf of the General Committee on

Christmas Day.

The following is a list of workers:—

No. 1 DRAPEY STALL—Mrs. J. Siddons.

No. 2 DRAPEY STALL—Mrs. J. W. Lord

and Mrs. J. W. Smith.

SIXPENTY STALL—Mrs. A. Blackburn

and Mrs. W. Ward.

FIFTY STALL—Mrs. Violet Ward

and Mrs. F. G. Gill.

SWEET STALL—Miss McWilliams and

Miss S. Ward.

REPRESENTATIVE STALL—Miss Annie

Siddons, Miss Gertrude Ineson, and Mrs. T.

Beckwith.

REPRESENTATIVE ROOM—Mrs. McWilliams,

Mrs. W. Armstrong, Mrs. F. Farmer, Mrs. E.

Ward, and Mrs. J. W. Smith.

ASSORTED STALL—Mrs. J. Bedford and

Mrs. Walker.

SMOKE ROOM—Messrs. R. Fielding, J.

Shedden, J. Dean, W. Siddons.

SHOOTING SALOON—Messrs. O. Siddons

J. Savage, F. Ward, R. Siddons, J. Shear-

man, Arthur Blackburn, W. Newsome,

A. Ward, and Mrs. J. W. Smith.

MINERAL WATER—Messrs. W. Fielding

A. Ward, and Mrs. J. W. Smith.

CONCERT ROOM—Messrs. W. Fielding,

T. Shearman, J. M. Smith, W. Newsome,

BRAN TUN—Mr. J. W. Lord.

DOOR MEN—Messrs. E. McWilliams, T.

Whithead, W. Armstrong, R. Beckwith, J.

Fielding, S. Edwards.

GAME ROOM—Messrs. W. Farmer, J.

Newsome, and Mrs. J. W. Smith.

WINDING MACHINE—Mr. J. Mallors.

BAND OF HOPE STALL—Band of Hope

Children.

On Boxing Day, the opening ceremony was

performed by Mr. J. W. Smith, and Mr. O.

Blackburn, conductor, on behalf of the

Temperance Band, declared the bazaar open.

Mr. W. Smith proposed, and Mr. O. Ineson

seconded a vote of thanks to the Band.

The Band of Hope children opened on the

third day (Monday), Mr. O. Ineson appearing

on their behalf, under the chairmanship of

Mr. J. W. Smith. A vote of thanks was

passed to the children on the motion of Mr.

T. Shearman and Mr. E. McWilliams.

Half-hourly concerts were given Christmas

Day by the Wesleyan Old Party and

Chorus Band, under the direction of Mr.

Thompson.

On Boxing Day, Mr. Archie Taylor, the

great Yorkshire tenor, and Mr. Wm. Gale,

baritone and reedist, of Leeds, took part.

Others taking part in the various concerts

THE 'MESSIAH.'

The Rothwell and District 'Messiah'

chorus gave another Christmas performance

of the above work on Sunday afternoon last,

in the Rothwell Wesleyan Chapel, and although

the audience was not so large as a year ago

the singing of both the principals and chorus

was of considerable merit.

The Robin Hood pit, in fact, the fact that

the same programme was given at the same

place in the last year, and that last year it

was also given in the two places, afforded some

explanation for the attendance not being as

large as was expected and the receipts consid-

erably less than when compared with those of a

year ago.

The gallery, however, was well filled, whilst

a considerable number of comfortable seats

in the body of the chapel.

The proceedings were opened by Mr. W.

Stephenson, who in suitable words introduced

the advertised chorists, Mr. John Hirst, of

Rothwell.

Mr. Hirst in brief crisp sentences expressed

his appreciation of the efforts of the musicians

prominently associated with the production

of the work, and his readiness to

assist them in their undertaking and his

pleasure at knowing that the chorus which

they were about to sing was composed

of the best of the choir belonging to their own

immediate district.

Of the thirty six voices, alto and chorists

we do not purpose writing a small & very

brief notice of the principals had been made,

two of whom had before taken part in works

performed by the same executive—Mr. G. W.

Williams, who, however, was not present,

and who, in his absence, was particularly

valued for his fine voice, and his clear and

pleasant voice, and his clear and pleasant

Love & Mystery!

Plot & Counterplot!

By Ethel M. Lister,

Circulating in Rothwell, Woodhouse,

Oulton, Carlton, Louthouse, Middleton

Leeds, Hunstall, Stourton and Morthley

Friday, January 8, 1909.

NOTES BY THE TYKE.

The causway improvement at Oulton is

taking quite a time to complete, and during the

recent bad weather when only the kerbs have

been put in, water has stood in large pools,

through which pedestrians in the dark have

glided to the accompaniment of a very

expressive expletive. I see abas have now

been tipped off to fill up these depressions, but it

looks as though weeks must yet elapse before

all the flagging is put into position.

The search for suitable water on the work-

house estate appears to be an unenviable job,

for although very many reports were given

months ago of the progress made, the problem

appears to be far from being solved. The

latest is a plan for blasting in the bore hole,

but like the scheme for the very first it is

very much question whether this novel idea will

give better results than those which have already

been exploited. I should not care to be in

the colliery workings underneath when the

shot is fired.

The School treat at Thorpe this Christmas

has afforded much genuine enjoyment to the

youngsters of the village, who appear to have

enjoyed the winter with and bannisters living

in their midst. The new school premises,

which are quite rightly described as "a model,"

will be well used, while the headmaster, Mr.

White, who has just recently taken up

residence in the district is making himself

popular with young and old alike in the

interest he is taking in all that pertains to

the welfare of the children and the good of the

district.

Of all places in the district that requires a

recreation ground I think none can be placed

before Stourton. In the Rothwell Wards—at

any rate where most of the population reside—

there is not a single open or main road,

Corner at Rothwell, and the curve in the road,

opposite the Post Office at Carlton. At the

first named place there is constant danger

from incoming and outgoing cars whilst the

latter the causway is very unsatisfactory and

the present alterations decidedly unsightly.

The same characteristics still cling to the

Churchfield roads as well as the mud and dirt

to the boots of the unfortunate individuals

who have them daily to traverse. Election

times are coming on apace and if these

paths by which so many have to reach their

destinies are not made a prominent feature

for North Ward candidates to consider this

old Yorkshireman will be greatly

Members of the North Ward Liberal Club I

should imagine will have something to say

about the neglected condition of the neigh-

bourhood in which they have their

quarters.

ACCIDENTS.

A serious accident occurred at Robin Hood

colliery, on Friday morning last, a miner

named Tom Selton, of Carlton, having his

leg fractured by a falling stone. It appears

he was carrying out his duties as guard of a

train of tubs in the pit when he was

thrown off. He was taken to the Leeds

General Infirmary where he has since been

found necessary to amputate part of his leg.

Whilst following his employment at Robin

Hood colliery on Friday morning, a lad named

Abraham Clark, of Sparr Row, Robin Hood,

had the misfortune to fracture one of his arms.

A miner named George Newton, of Roth-

well Hall, whilst working at Boston Pit on

Thursday morning, met with an accident and

sustained a fractured leg.

On Friday afternoon last a horse belonging

to Messrs Leatham, of Leeds, shied at a tram

ROTHWELL CHURCH SUNDAY

SCHOOL.

The annual distribution of awards in con-

nection with the above Sunday School took

place at a special service held in the Church

on Sunday Evening, December 27th. The Rev. E. W.

Beane, the vicar, made the presentation,

assisted by Mr. J. Elstob, the secretary.

The following have gained certificates for

perfect attendance:—

CLASS I.—Frank Hird.

CLASS IV.—Frank Todd.

CLASS V.—Ernest Fox and W. Walworth.

CLASS VI.—Wilfred Hall.

CLASS VII.—James Walworth.

Fox, Percy Hamill, Archie Firth, H.

Arrowsmith.

CLASS XIII.—Taddy Thorpe, John Elliott.

CLASS XIV.—Laura Sunderland and Gertrude

Reed.

POLICE NEWS.

At the Wakefield Road Riding Court, on

Friday last, George Halla, minor, of Loft-

house, for being drunk was fined 10s 6d

on seven days. There were four previous con-

victions.

Wilfred Clayton, cleaner, Thorpe and Har-

old Dickenson, pony driver, Thorpe and Har-

old, for being drunk and disorderly, was

found to be insolvent.

Adam Brook, minor, Robin Hood, who did

not appear, for being drunk and disorderly,

was fined 5s.

At the West Riding Circuit Sessions on

Monday John Ward (24), butcher, for stealing

a silver watch valued at 20s from Thomas Ward

at Methley, on November 11th, was sent to

gaol for nine months.

At the Leeds West Riding Court, on Tues-

day, Henry Kettwell and Joseph Percival,

mechanics, of Hunslet, for being drunk and

disorderly in Church Street, Woodhouse, on

Wednesday, Dec. 23rd, were fined 10s.

Maurice Johnson, labourer, of John O'

Gaunt's, Rothwell, was charged with not keep-

ing a dangerous dog under control. After

hearing the evidence of David Ward, minor,

John O' Gaunt's and Mrs Ward, the case was

dismissed.

OUTLON HOMING SOCIETY.

The annual Open Show of working home-

pigeons of the above Society will be held at the

Newcastle-on-Tyne, on Saturday last.

There were about 120 entrants, and Mr. J. E.

Parker, of Louthouse, was the judge and gave

the following awards:—

CLASS I.—Flying Rock, special, value 5s (25

entries)—1st, 10s and special, value 5s (25

FACTS AND FANCIES.

THE MOST EASILY-DIRECTED IN THE BODY ARE

THE NERVES. They can detect the slightest

change of position. As you sit down, the nerves

in the back of the neck detect the change in

the position of the head, and the nerves in the

arms detect the change in the position of the

arms, and so on. The nerves in the feet detect

the change in the position of the feet, and

the nerves in the hands detect the change in

the position of the hands, and so on. The

nerves in the body are so arranged that they

can detect the slightest change in the position

of the body, and they can detect the slightest

change in the position of the limbs, and so

on. The nerves in the body are so arranged

that they can detect the slightest change in

Friday, February 5, 1909.

QUARTETTE CONTEST AT ROTHWELL.

A quartette contest for brass instruments promoted by the Rothwell Temperance Band, was held in the Temperance Hall, on Saturday evening last. There was a capital attendance of local musicians. Out of the 9 entries, Hoptonville (Lancashire) were the only absentees. The best piece was "Native Vale," which provided plenty of scope, especially for the euphonium and horn. There was some capital playing, but the cornets at times were somewhat rusty and spoilt the mellowness of the other instruments. The Carlisle Band had substituted a tenor trombone, instead of a tenor horn and although they played well together there was too much equality of tone. Of the local bands the Carlton quartette was in charge of their conductor, Mr. Alfred Hoptonville, and consisted of Messrs Jas. Newton (solo cornet), M. Swift (2nd cornet), A. Turner (tenor horn) and Joseph Newton (euphonium). Oulton composed Messrs H. Walker (solo cornet), Israel Bidkhure (2nd cornet), B. Blackburn (tenor horn) and Frederick Walker (euphonium) who were conducted by Mr. Tom Barham. The adjudicator was Mr. Lawrence Fitch, of Rothwell, who in his remarks said there had been some very good playing, it being difficult at times to judge the winners. He was pleased with the adjudication, but most of the bands did not realize the meaning of crescendo and diminuendo expressions; they could do the former all right, but the latter was wanting. Some of the passages had been well blended and sounded like a full organ. He gave his awards as follows:—1st prize, 2nd, Hoptonville; 3rd, 4th, 5th, 6th, 7th, 8th, 9th, 10th, 11th, 12th, 13th, 14th, 15th, 16th, 17th, 18th, 19th, 20th, 21st, 22nd, 23rd, 24th, 25th, 26th, 27th, 28th, 29th, 30th, 31st, 32nd, 33rd, 34th, 35th, 36th, 37th, 38th, 39th, 40th, 41st, 42nd, 43rd, 44th, 45th, 46th, 47th, 48th, 49th, 50th, 51st, 52nd, 53rd, 54th, 55th, 56th, 57th, 58th, 59th, 60th, 61st, 62nd, 63rd, 64th, 65th, 66th, 67th, 68th, 69th, 70th, 71st, 72nd, 73rd, 74th, 75th, 76th, 77th, 78th, 79th, 80th, 81st, 82nd, 83rd, 84th, 85th, 86th, 87th, 88th, 89th, 90th, 91st, 92nd, 93rd, 94th, 95th, 96th, 97th, 98th, 99th, 100th, 101st, 102nd, 103rd, 104th, 105th, 106th, 107th, 108th, 109th, 110th, 111th, 112th, 113th, 114th, 115th, 116th, 117th, 118th, 119th, 120th, 121st, 122nd, 123rd, 124th, 125th, 126th, 127th, 128th, 129th, 130th, 131st, 132nd, 133rd, 134th, 135th, 136th, 137th, 138th, 139th, 140th, 141st, 142nd, 143rd, 144th, 145th, 146th, 147th, 148th, 149th, EAST AND WEST YORKSHIRE UNIONS.

THE half-yearly meeting of the above Com-

mittees was held yesterday, at noon, at the

Hotel Metropole, Leeds, Mr. Z. J. Newall

(chairman) presiding. There were also

present Mr. E. W. W. Wilson, Mr. E. S. Hutton,

Mr. S. Day, Mr. A. A. Arncliffe, directors;

Mr. Mammatt, Mr. J. B. Galloway, Mr. F. W.

Tennant, Mr. Hoffman Wood, shareholders; with

the secretary, (Mr. W. W. Wilson), and

accountants (Mr. Simpson).

In proposing the adoption of the report

and statement of accounts, the Chairman said

that the poor results of the last half-year

were not so much due to the fact that on such a

ROTHWELL TIMES-FRIDAY, FEBRUARY 11, 1909

WESLEYAN HOME MISSIONS.

The Rev. T. Aronhime occupied the pulpit

last night in the large hall of the Wesleyan

Chapel, the occasion being the Home Mission

anniversary.

Appropriate discourses were delivered. At

the evening service Miss M. H. Hargrave

gave the interesting story of the Home

Mission. The Rev. T. Aronhime presided

at the door. Mr. L. O. Ward accompanying on

the organ.

At the public meeting, held on Tuesday

last, the chair was occupied by Canon

Walter Hargrave, who entered cordially into

the object of Home Mission work, and man-

ifested great interest in the address of the

delegates. The Rev. W. T. P. P. P. P. P. P.

ROTHWELL EDUCATION

COMMITTEE.

A monthly meeting of the above Committee

was held on Friday night last at the Robin

Hood School, there being in attendance

Messrs. J. Butcher (chairman), J. Hirst,

W. Hargreaves, J. W. Rydard, J. Dobson, S.

E. Chadwick, Jos. Horner, W. Lunn, with the

chairman (Mr. Angus) and attendance officer

(Mr. Stoll).

The attendance returns were submitted and

accepted as satisfactory, the percentage being

55.5. The attendance had been affected at

Stourton by exams, sports, and children out.

The Medical Inspector had visited the

Robin Hood school and had excluded one

child for diphtheria. As Thorpe two children had

been temporarily excluded for suspected diphtheria.

Mr. Horner said that at Thorpe the in-

pector had created quite a scare by stating

that he had inspected over ten thousand chil-

ren in his rounds and found more children at

Thorpe suffering from lung troubles than

amongst all the others examined. Further

amputation, however, that school doctor

man, served to allay the parents' concern,

there being found little ground for alarm.

The resignation of Mr. Hall, of the Robin

Hood school, was tendered and accepted.

It was decided that the Robin Hood staff

be re-arranged and that no additional teacher

be appointed at present in place of Mr. Hall.

The resignation of Miss Chapel, of Stour-

ton, was also accepted, a similar course being

adopted as in the previous case.

An application was made by the Louth-

ington National School for another teacher, and

Mr. Rydard said that one of the most

HUNTSLEY BOARD OF GUARDIANS.

A fortnightly meeting of the above Board

was held on Wednesday afternoon, at the

office, Hunslet, there being in attendance Mr.

T. Park (chairman), Messrs W. H. Hol-

ings (vice-chairman), Messrs Dickenson, Mr.

Killingbeck, Rev. M. J. Dillon, Messrs Knight,

Thomas, Fountain, Green, Good, Edmond,

Wilson, Butterfield, Messrs. Hunslet, Hamer,

Barlow, Hunslet, and the clerk (Mr. May)

and assistant clerk (Mr. Ward).

WORKHOUSE VISITING COMMITTEE.

At a meeting of the above Committee it

was agreed that the proposed roll call of

able-bodied men be adjourned to the next

meeting. The Master made several sugges-

tions to the Committee to secure a further

measure of deterring the absence of any in-

mate from the dining hall. It was resolved

a notice be hung in the dining hall requiring

any inmate observing the absence of another

from meals to inform the Master thereof.

The report of the Ladies Committee was

received and found satisfactory.

The minutes were confirmed.

CHILDREN'S BOARD OF GUARDIANS.

At a meeting of the above Committee held

Feb. 15th, there were present Messrs W. Scho-

field (chairman), J. Butterfield (vice-chairman),

J. W. Balmer, T. O. Hirst, J. Edmond, J.

W. H. Newcome, Messrs Dickenson.

The necessity for some safeguard to ensure

the speedy detection in all cases of the ab-

sence of any child was discussed and agreed

that the children be interviewed when he

expressed the opinion that it would be

impossible for a child to be absent from a

meal without his knowledge, although it

was agreed that no list of the children

entrusted to them. It was proposed by

Mr. Harlow that a Sub-Committee consisting

of the Chairman, Vice-Chairman, and Mr.

Dickenson, together with the clerk be ap-

pointed to go to carefully into the matter and

to report thereon to this Committee. Seconded

by Mr. Newcome and carried. 5 voting in

favour and 1 against. A letter was received

from the Committee of the Hunslet Mechanics'

Institute inviting the elder children of a

Mineral Entertainment on Wednesday the 3rd

proximo. It was proposed to accept of the

offer and the invitation was accepted and that it

be left to the Superintendent to select the most

suitable children. Seconded by Mr. Balmer

and carried on record. The Clerk called atten-

tion to the fact that the children of the

1908 in regard to Birghams. It was proposed

by Mr. Newcome that the Superintendent be

instructed to report if there are any new in-

mates in the Birghams. Seconded by Mr.

Conyers and carried unanimously.

The minutes were confirmed.

VACATIONING PERMITS.

At a meeting of the above Committee it

was proposed that Mr. Snowden Vaccination

officer be made a gratuity of £11/6, and Mr.

Deaton, of Rothwell £1 14/6, and Mr.

Wilcock of Templewarrick 5/6 to meet the

cost of the same as a result of the

exemption claimed under the recent con-

cessions made. This proposal however was

rejected.

On the minutes being presented for confirma-

tion an amendment was proposed to refer

this question of vaccination officers' remunera-

tion to the Finance Committee and this was

STOURTON RATEPAYERS' ASSOCIATION.

ANNUAL DINNER.

The annual dinner in connection with the

Association took place last Friday

evening at the large room of the Queen Hotel,

Stourton, there being about 35 members and

friends present. Mr. and Mrs. Sam Fowler

acted for the dinner, which was an excellent

meal consisting of Yorkshire

pudding, roast beef, roast mutton, boiled

mutton, veal, vegetables, rabbit pie, plum

sauces, trifles, jellies, etc. The carvers

were Mr. W. Duffell, the president of the

Association, and Mr. T. Park, chairman of the

Hunslet Board of Guardians.

Besides members and officials of the As-

sociation there were present visitors Mr. J.

W. Collins and Walter Wade and Mr. J.

Southworth (of the Rothwell District Council).

Subsequently a pleasant time was spent,

the music being rendered by several well-

known talented artists.

Mr. Duffell presided, and proposed the toast

to "The King." He was glad to see so many

present, especially the small representation

of Stourton, who he thought ought to be at

such a gathering. He hoped their membership

would increase and that the Association would

be able to make it better for the people who

live in the district. He thought the repre-

sentatives of their representatives would prove

beneficial to both parties.

The Chairman then called upon Mr. Park

to propose the toast to "The Visitors are

the Press."

Mr. Park said it was with the greatest

pleasure he rose to propose the toast to the

visitors and the Press. He was glad to be

presented by the Chairman called upon him

to perform that duty, for he had not received

any such invitation. It was a delight to him

to see so many of the ratepayers of Stour-

ton present, and he thought it was a great

pleasure to see the Council representatives in

attendance. They were looking well after

the requirements of Stourton, and he agreed

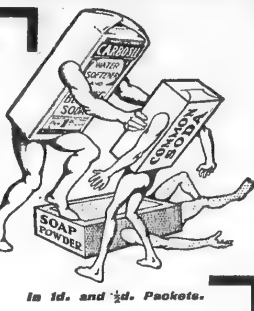

with the Chairman in his remarks. He

Stronger and Better

"CARBOSIL" the modern household cleaner, is a brilliant water softener, bleacher, and washing soda in powder; it contains no soap, and does all that the old-fashioned washing soda and soap powders used to do, and does it better.

"CARBOSIL" is indispensable in the laundry and on washing days; it makes the hardest water as soft as rain water, helps the soap, bleaches white clothes, brightens up colours, and saves the rubbing. By its use there is no more worry or slavery attached to the cleansing of greasy knives, forks, dishes, kitchen tables, &c.

"CARBOSIL" the strong powdered soda, removes greasy stains instantly, cleanses and purifies with the best possible labour. Drains and sinks are kept sweet and pure by the mere passage of the waste water containing the soda.

By Appointment to H.M. the King

ROTHWELL WHITE ROSE V. MIFFIELD UNITED.

The return fixture between the above clubs in the West Yorkshire League took place at Rothwell, on Saturday last. Rothwell were again weakly represented, Harold Taylor, Joy and Ellis being brought into the team. The Miffield team was as follows—Todd, Galt, Wilkinson and Firth, back; Oley, Barker, and Phillips, half-backs; Jackson, Dancanson, Hancock, Hedding and Ootterel. Rothwell kicked off, the visitors being the first to become dangerous, Jackson being off-side. Taylor put the ball nicely on to the wing, but Joy was too slow to make any headway. Miffield returned play into the home territory where Dancanson spelt a good movement by kicking the ball too far. Ellis broke away on the right wing and centred fairly when Bradley in falling missed a splendid opportunity to score. Miffield saved an attack at the expense of a corner, and transferring play to the home end Dancanson was again given off-side. United tried hard to break down the home defence, but Heston, Smith and Carsten kicked well. Miffield had a fault off-side taction, and Heston safely held a shot by Hancock. Rothwell broke away grandly when Taylor was fouled and brought down by Firth. Miffield pressing, Heston partly cleared, and Hedding shot wide. From another attack by the visitors, Smith had his kick charged down, but Heston fortunately came to the rescue. Rothwell had a turn of attacking and looking like the scorers, but the home team, who were not to be trifled with, were bound to score. Smith brought the ball to the goal, the appeal for a penalty was not however, upheld. From the succeeding corner the Rosettes broke away, and Ellis was roughly brought to the ground. Half-time was called, with the score-sheet blank. Miffield re-attacked and made determined efforts to score, having two or three unsuccessful attempts. Rothwell retreating, Ellis was given off-side to the danger zone. The home team's efforts were at last rewarded through the ineffectuality of Taylor, who took the ball on to the goal. Hoo and put in a square centre which gave Bradley a gift of a goal; the latter player accepted it easily, and the latter player accepted it easily, and the latter player accepted it easily.

STOURTON UNITED V. ALTOFTS UNITED.

These teams, who are making a close fight for the Leeds and District Senior League championship, met in the second round of the Leeds and District Cup Competition at Stourton on Saturday last, before a large crowd. Burnell started for the home team, and the opening stages were keenly fought, both goals being quickly rifled. Collier, Howroyd, and Butler participated in a smart dribble for Stourton, but Hopson in the visitors' rear, supplied a sure check. Altofts attacked strongly after this, and Beddows and Jones in turn tested Burnell, who proved very safe. Burnell and Bedford next led a spirited movement for the Stourtonians, but Miller's shot missed the net by inches. Attack and counter-attack were now delivered with much keenness, and the referee (Mr. Ritchie) had occasion to caution one of the visitors. A long dribble by Butler seemed likely to produce a score, and Howroyd sent in a hot shot. The ball rolled harmlessly across the goal mouth, however, and a further attempt by Miller to pierce the visitors' defence was also brilliant. From close play in front of the home goal, S. Hopson got possession, and sent in a fierce low shot, but again Burnell cleared in fine style. As the interval approached, Altofts continued to attack with great vigour and persistence, but failed to make any impression. The whistle sounded for half-time with the score-sheet blank. On the resumption Stourton took up a strong attack, but Altofts defended well. Howroyd with an individual effort opened the scoring account, and the Altofts' left wing half, neglected him somewhat, and allowed the same player to reach another. These two goals were obtained from Stourton's only good chances, and by seizing them they gained the verdict by 2 goals to Altofts nil.

ALBERTON BYWATER V. WOODLESFORD.

The above teams met at Alberton on Saturday afternoon last, in the second round of the Leeds and District Cup Competition. The visitors had the better of the opening stages and scored after ten minutes play. Newton equalised at the interval the score was each. On the resumption F Webb netted for the home team, whilst Woodlesford drew level. After some exciting play Alberton were awarded a penalty, and Webb gave them the lead. Alberton won by 3 goals to 2.

WADE CHARITY CUP.

The Committee of the Stourton, Thwaites Gate, and Woodhouse Hill Hospital Fund, with the approval of the donor (Councillor W. Wade), have decided to reconstruct the Cricket Cup Competition, and the Cup is to be known as the Licensed Victuallers' and Local Club's Charity Cup. It is to be competed for by clubs within a radius of five miles from Stourton Church. The club winning the Cup three times in succession, or four times in all, will be absolute possessors.

FUTURE OF THE CONTINENTS.

Mr. Charles de Lamoignon, the general director of selling operations in France, upon the desirability of an international understanding for the study of the evolution and future changes of the surface of our globe. He remarks that in every country, try two or three times in a century, fundamental measurements of level should be taken. These should be applied to the regions apparently perfectly stable. Thus future generations, he says, would come to possess scientific data for determining the elevations or lowerings of mountain chains, basins and coasts, and the precise drifting up or down of the sea in a world, would be able to predict the "future of the continents."

THE FUTURE OF THE CONTINENTS.

Mr. Charles de Lamoignon, the general director of selling operations in France, upon the desirability of an international understanding for the study of the evolution and future changes of the surface of our globe. He remarks that in every country, try two or three times in a century, fundamental measurements of level should be taken. These should be applied to the regions apparently perfectly stable. Thus future generations, he says, would come to possess scientific data for determining the elevations or lowerings of mountain chains, basins and coasts, and the precise drifting up or down of the sea in a world, would be able to predict the "future of the continents."

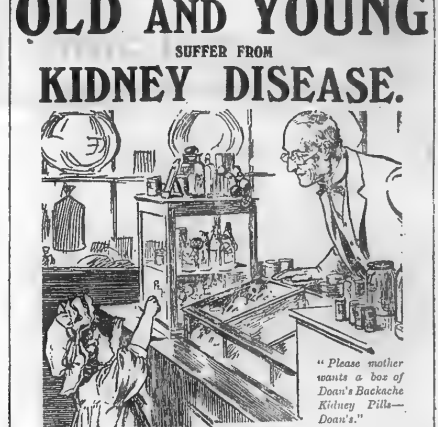

EASY CHURNING.

We have hundreds of units for letting—Tomlinson & Co's Butter Powder is a pure corrective used by experts over 50 years. It is a simple, effective, and safe remedy for all cases of indigestion, flatulence, and other ailments of the stomach and bowels. It is a pure corrective used by experts over 50 years. Doan's Pills can be taken safely by the youngest child (see directions with each box), and will be found a sure and lasting cure for kidney disease.

OLD AGE.

At the other end of life, old folk often suffer terribly from kidney disease and from the results that come from it. When past middle age, there is apt to be a very noticeable weakening of the organs of the body, notably of the kidneys. If the kidneys are weak or diseased, and therefore unable to filter out acid and other impurities from the blood, such diseases as Rheumatism, Dropsy, Stomach, Gout, Lumbago, and Sciatica are sure to follow, and the only way to cure them permanently is to cure the kidneys. Doan's Backache Kidney Pills will do this for you. Among the sure signs of kidney disease are urinary and bladder troubles, rheumatic pains in the limbs and joints, watery swellings beneath the eyes and round the ankles and wrists, ringing noises in the ears, constant tiredness and headache.

CHILDHOOD.

What mother is there who is not anxious that her little ones should grow up healthy and hearty? Kidney complaints are very common in children, and unless taken firmly in hand at the beginning are sure to prove disastrous. Kidney disease is frequently inherited from father or mother or grandparents, so that parents who themselves suffer from it should keep a careful watch upon their boys and girls, and at the first symptom of kidney disease should give them Doan's Pills. What are the symptoms? Among them are aches and pains in the limbs, headache, urinary and bladder troubles of all sorts, most commonly the not being able to control the kidney secretions, a constant source of trouble to mothers and children.

NOTES BY THE TYPE.

The Independent Labour party appear to
have joint use of the Spiritual Church in
Maynard Avenue, of desiring the
pinner of youngsters (not a girl) to the
measured tones of the violin there are now to
be heard as one takes his Sunday morning
walk, voices in various degrees. The questions
naturally arise here the Spiritualists
attend their morning service and are the I.L.P.
is likely to get still further success of their
Oulton premises!

When recently in the neighbourhood I was
very much surprised to see that the newly
erected Salvation Army barracks was being
stripped of its red tiles, and on enquiry was
informed that the Salvation Army were in the
road, necessitating a re-arrangement of the
tiling. Very few local tradesmen benefited
by the erection of this building, nearly all
the local work is so very greatly dependent
on local support I think a great mistake was
made in not giving more work to those living
in the immediate district. Life here the roof
will be dry dry, now the apparently additional
labour has been bestowed upon it.

In perusing your report of the Stourton
Barracks Association, I am glad to find that
I thought Mr. Wade was going a little
too far when he spoke about Stourton near
being matters of the situation in urban district
affairs. I am reminded, however, that this
was an after-dinner speech and must be allowed
accordingly. The Association has now been
in existence a great number of years and con-
tinues to exert a wide influence over local
affairs. I wish its members a still more useful
and prosperous future.

One has not heard so much lately of the
doings of the Rothwell Wesleyan Association
and its members are nevertheless, I fear, prosecuting
lines of action that are likely to result in
benefit to those interested in the district and in
keeping the rates within reasonable bounds.

Leading ratepayers have cried "Halt!" with
regard to increased expenditure of public
money and thanks to the Rothwell Ratepayers'
Association and other kindred bodies I think
the fact went forth some years ago that the
ratepayers in this district would not stand
quietly the rate in the pound being in any way
increased. This question of public money
spending will likely be an important question
at the coming District Council election, and
candidates prepared to pursue a reasonable
course and sanction only necessary outlay are
the most likely to run to the top of the poll.

Thanks, Mr. Chairman of the Highway
Committee. I appreciate the completion of
the Carlton street improvement as also do the
residents and visitors.

I see from your report of the last meeting
of the Executive Board that it had been deemed
advisable to fire an additional shot in the
water bore hole at the Workhouse. Rate-
payers may be prepared to allow sufficient
experiment to be demonstrated before offering
further protests against money being spent on
this expensive water bore, but should not then
the experimental gauge be passed I fear there
will be some outcries of opposition and an
attempt made to stop further money being
spent on such a speculation.

I offer my congratulations to Mr. and
Senior the master and matron of the Work-
house, and to Mr. Hunslet, the assistant
master, on their recent county appointments.
The official have done good service under
the Board, and they will be followed by
many good wishes for health and happiness
in their more lucrative positions.

The Rev. Alexander Henderson has been
honoured to the curacy of Oulton Church.

CARLTON AMBULANCE CLASS.

SUCCESSFUL AND WELL ATTENDED
CONCERT.

MR. CHADWICK ON THE NECESSITY
OF AMBULANCE KNOWLEDGE.

The teacher and members of the Carlton
Ambulance Class promoted an excellent con-
cert on Saturday evening last, in the Carlton
Provided School, there being a large attendance,
the room being crowded. Mr. S. R.
Chadwick presided.

Some of the latest talent had been secured,
but two of the artists who were announced
were unable to be present—Miss Rhoda
Charlesworth, soprano, of Beckett, and Mr.
F. O'Leary, of Ardley, baritone. The former
is a favourite at Carlton, and many no doubt
were disappointed at his non-appearance
through ill-health. Mr. O'Leary does not
think he has been doing so long at Carlton before,
and he was also an absentee. The concert
although without Miss Charlesworth was an
excellent one and the artists were well
received and loudly applauded.

Mr. J. R. Chadwick, in introducing Mr.
Chadwick said they had got a splendid man
as Chairman, one who had ambulance work at
heart and a gentleman who was willing
at the present time to help the quarter
of a million members. With regard to this
Ambulance work the question came to him
"Am I my brother's keeper." In a certain
sense it was a question of "brotherhood" for
they had it brought home every day and
he was glad that Ambulance work could help
so many. When people didn't know this
work they were likely to put up with a
broken arm or a broken leg and if unqualified
men came across a man who was suffering
from a fracture he would not be able to tell
whether it was a simple fracture or one which
needed more and he had to try to do anything
with the injured person he would very likely
make a simple fracture into a compound
fracture and the patient would be worse off
than ever, because the person would not know
how to treat him. That showed plainly the
necessity of ambulance instruction and he
thought every working man should be able to
do something in that respect. He did not
expect every ambulance man to be a doctor,
but when accidents occurred they wanted
someone to go to the spot and if ambulance men
were present they would be able to do the
right thing at the right time. One of the
principal points was that people should be
able to alter the suffering and no person
should be qualified to do that unless he had
the necessary knowledge. Sufferers from
accidents require careful and proper handling
otherwise an injury might be made a permanent
one. There had been scores of lives saved by
proper handling, and a big accident in a
first aid instruction. 3,000 lives were
lost every year from drowning and the audience
no doubt agreed with him when he said arti-
ficial respiration was a very important thing
to know. He had a case where a man on ship
board was thought to have been drowned and
was passed on to another as a dead man, but
a person on the same ship took him to the
resuscitation room and the apparently dead man being
brought round. When such cases as these
come before their eyes it made them more
careful in getting more people to take up the
work of artificial respiration. He said the
Police force of Blackpool and Southport were
taking this matter up and that no one would be
ambushed as a member of the force without
knowing the necessary things. He said he
thought it was a very important thing to know
in a first aid instruction. 3,000 lives were

work of artificial respiration. He said the
Police force of Blackpool and Southport were
taking this matter up and that no one would be
ambushed as a member of the force without
knowing the necessary things. He said he
thought it was a very important thing to know
in a first aid instruction. 3,000 lives were
lost every year from drowning and the audience
no doubt agreed with him when he said arti-
ficial respiration was a very important thing
to know. He had a case where a man on ship
board was thought to have been drowned and
was passed on to another as a dead man, but
a person on the same ship took him to the
resuscitation room and the apparently dead man being
brought round. When such cases as these
come before their eyes it made them more
careful in getting more people to take up the
work of artificial respiration. He said the

STARBECK v. ROTHWELL WHITE ROSE.

Rothwell journeyed to Starbeck on Saturday with only ten men, to play the return league encounter. Mr. Naylor being the absent one, whilst Farin's place was filled by H. Walker. The home team commenced and they pressed strongly. Duncan shooting well. Rothwell relied but only for a short while and on returning to the attack Laycock had a shot charged down, after which Duncan let in Ellis who scored away and centred, but the home defence was equal to the occasion. Bell saved a strong mid., a fine dribble by Gospel nearly resulted in a goal, but Laycock, after receiving a fine pass from Gospel missed a glorious chance. The visitors' halves transferred play to the other end and it was only a brief attack, and though Starbeck were continually pressing the defence of the Hostiles was magnificent. The home team's shooting was wretched and what shots went Heston's way were stopped without difficulty. After a long attack on the Rothwell goal the visitors broke away finely and Bradley securing possession scored a fine goal. This was a surprise to the home team and with renewed vigour they tried all they could to equalise but half time arrived with Rothwell leading by 1 goal to nil. On the resumption Starbeck made tracks for the visitors' goal and Laycock missed when well placed. Rothwell were deterring exceedingly well and did not allow the home team much room to shoot. Smith, Lefson, and Careless did splendid work in defence and though Rothwell did make occasional shots nothing came from them. Heston saved shot from Goffett and Bell and try as they would Starbeck could not penetrate the admirable defence of the Hostiles. Rothwell won by the odd goal to nil, and was the first to defeat Starbeck on their own ground for seasons.

"Q. E. D.", the students say, When algebra problems have been solved by cylinders in array, Prisms and the like from mid-air, Just as the problem, oft obscure, To come a cold by science, Is solved by Woods' Great Peppermint Cure— "Quod erat demonstrandum."

ROTHWELL PARISH CHURCH v. ALLESTON BYWATHE.

An encounter took place between the above teams on Saturday afternoon last in the Leeds and District League. There was a moderate attendance. The visitors played up the slope and play became very keen. Both teams became dangerous but at the interval Alleston were leading by 1 goal to nil. During the second half Rothwell tried hard to equalise, but the play of the forwards in front of goal was wretched. Alleston on several occasions were unfortunate in not increasing their lead, Simpson especially having had lines. The efforts of the home team were at last rewarded, Goss scored just before the interval. The game ended in a draw of one goal each.

HUNSLT ROSEVILLE v. ROTHWELL PARISH CHURCH.

The above teams were booked to meet at Wade's Field, Hunslet, on Saturday last, and the Roseville and the referee (Mr. W. H. Smalley) turned up, when a telegram was received from the Rothwell secretary stating that they were unable to raise a team. The Hunslet men therefore claim two points by default.

AIRDALE CLOTHING v. ROTHWELL HAIGH.

Rothwell Haigh visited Leeds on Saturday, to play Airdale Clothing in the return Leeds League encounter. From the commencement the home team attacked, but not for long, for Rothwell Haigh forwards were soon round their opponents' goal. After some midfield play Bulmer netted for the visitors, whilst the home team directly afterwards equalised. Both sets of forwards missed chances and the backs had a hard time. Wormald netted for the Haighites and some quick and exciting play followed; from a goal movement on the part of the Airdale forwards they drew level, a strenuous tussle ensued and Rothwell Haigh keeping up a strong attack were awarded a penalty. Unplayful, however, to his own and his side's disappointment missed the mark. Airdale milled again and put on a winning goal, the score at the close being 2-2 in favour of Airdale.

ROTHWELL U.M.O. v. LEEDS ZION.

The above teams were engaged in a Leeds Nonconformist League encounter on Saturday afternoon last, and a keen and interesting game resulted in a win for Zion by 2 goals to one.

WOODHOUSE RESERVES v. MOORTOWN AND GLEDHOB.

These teams met at Moortown on Saturday afternoon last in the Leeds League. Woodhouse monopolised nearly all the play and gave the home team a severe trouncing, the score at the finish reading Woodhouse 6 goals, Moortown one.

KIPPAX WOODVILLE v. OULTON WESLEYANS.

The above teams were engaged in a friendly match at Oulton on Saturday last, play resulting in the visitors winning by 9 goals to nil. The scorers were Kilburn, Westgate & Middleton 2.

MIDDLETON v. ST. LUKE'S.

The above teams met to play a match on Saturday last, at Middleton in the South Division of the Leeds Schools League. Middleton kicked off up the slope and Bettison scored immediately afterwards. The home team indulged in some pretty combination and Kilburn scored the second goal with a good shot. Middleton still pressing obtained another goal, Lebeater netting. The same play ensued again soon afterwards and half-time arrived with the score Middleton 4 goals, St. Luke's nil. In the second half, Middleton kept up the attack, and but for Naylor at full-back would have greatly increased their lead. Notwithstanding the excellent defence of the visitors, the home team succeeded in adding two more goals, Lebeater and Bettison scoring. The final score read Middleton 6 goals, St. Luke's 1.

LEEDS GENERAL INFIRMARY.

The treasurer of the Leeds General Infirmary has received £7, collected at the Angel Inn, Rothwell Haigh, per Mr. John Ellis.

CORRESPONDENCE.

"AN EXPLANATION."

To the Editors of the Rothwell Times,

In your report of the last meeting of the Rothwell Education Committee, it was stated a child had been excluded from the Robin Hood School, by the Medical Officer, on account of suffering from "itch."

In fairness to the members of the staff, and to remove any cause for anxiety on the part of parents, a word of explanation appears to be necessary. The child referred to, was brought for admission to the family having removed from another district. At it was seen that he was not in a fit condition, admissions was refused until the Medical Officer (who happened to be visiting the School on that particular day) had been consulted. He immediately ordered the exclusion of the child, so that the child was never in attendance at the school whilst suffering from the disease under consideration, not as a matter of fact, but to prevent the spread of the disease, which was not until weeks afterwards, when all was satisfactory.

THOS. GROVE, B.Sc.
Head Master,
Robin Hood School.

THE DURHAM MINING DISASTER.

To the Editors of the Rothwell Times,

I have no doubt that the people of Rothwell are willing to help in the relief of the widows and orphans who have been left through this terrible disaster, and to this purpose I would offer the suggestion that a Football Match be arranged between the players of the White Rose and the players of the old Rothwell team who did so much towards establishing the game in this district. I am sure that most of the old players in Rothwell would place their services at the disposal of a Committee, and both my brother and myself would be pleased to help all we could. If the White Rose have an open day perhaps they would be willing to help in this very desirable cause, if it is to be accepted to hear from their Committee with a view to making arrangements.

Yours truly,
O. HARMES,
65, Wellington Street,
Leeds.

OULTON UNITED METHODIST CHURCH.

On Saturday evening last, there was a moderate attendance at the above place of worship to hear Professor J. H. Huddershall, of Worcester, give an interesting lecture on "How to be successful." On Sunday, Mr. Huddershall gave a most interesting and inspiring service, and Mr. J. Blackburn, of Rothwell, contributed solo at the latter service. Mr. Thorpe, of Leeds, was the accompanist. On Monday evening, Mr. Huddershall gave a lecture on "Love, courtship, and marriage," and it was greatly appreciated.

"A YORKSHIRE PRODIGY."

A star of magnitude it seems Undoubted in our wildest dreams. One working man (exceeds the phrase), One worthy of our warmest praise. We will suppose. He reverts with the greatest ease On the finger ring of our very best. So we are told. He reverts with the greatest ease, He studied not the printed score. No, new nor old.

Had having said for which he wrought, One glendore he had brought, And lesson two. Wherein which he did require To make it speak the tuned wire. With music true.

Heaven's 7th heaven, O! fashioned things in him, and slow, And somewhat false. He reverts with the greatest ease, With brilliancy he dashes off. The sprightly waltz.

And other things it clear appears "Places" for refined ears. He does not shirk. He reverts with the greatest ease, Indeed it is no poor stuff, For him to write.

Simple music is the score. Chopin's music is the score. "His" his delight. To render could he do attend And with his pieces will spend, With leisure two.

His taste such, never man, Superb his teaching, grand his plan, Will very clearly understand. A genius rare with mind and hand. With leisure two.

Now here we mention in his place Such excellence should not hide its face, We'll say at home and abroad, It is his duty to enlarge, The fame already to his charge.

Our friend must roam. Heaven born genius are rare, Our thanks must be made, The critic's ear. Don't hesitate, be not afraid, A handsome fortune might be made To use his clear.

Our hero cannot be a dunce, Being proficient all at once, He will advance. And that all with a rapid stride, Excelling many far and wide. Now is his chance.

His taste such, never man, Superb his teaching, grand his plan, Will very clearly understand. A genius rare with mind and hand. With leisure two.

Now here we mention in his place Such excellence should not hide its face, We'll say at home and abroad, It is his duty to enlarge, The fame already to his charge.

Our friend must roam. Heaven born genius are rare, Our thanks must be made, The critic's ear. Don't hesitate, be not afraid, A handsome fortune might be made To use his clear.

LESS LABOUR MORE HEALTH.

"Pinkobol" Soap, the well-known disinfecting soap made by Messrs Crossfield, of Warrington, is not only an antiseptic soap, but is also the best and most lasting of all ordinary soaps. It contains no alkali, and is therefore water to the point that it is pale or yellow soap, and therefore washes better, while at the same time it disinfects the clothes. This brings more health with less labour. Two extra marks also given in the shape of a cake of "Pinkobol" Soap Toilet Soap for every ten wrappers, and the distribution of £10,000 in free cash gifts.

TO THE RURAL DISTRICT COUNCIL OF

HUNSLY.

And to all whom it may concern.

WE, THE LOCAL GOVERNMENT BOARD,

having received and duly considered an application

from the Rural District Council of Hunslay, for the

issue of an Order putting in force in their District

certain provisions of the Public Health Act, 1875,

and in pursuance of the provisions of the Public

Health Act, 1875, and in pursuance of the provisions

of the Local Government Board, we hereby declare

that we have no objection to the issue of such an

Order, and we hereby declare that we have no

objection to the issue of such an Order, and we

hereby declare that we have no objection to the

issue of such an Order, and we hereby declare

that we have no objection to the issue of such an

Order, and we hereby declare that we have no

objection to the issue of such an Order, and we

hereby declare that we have no objection to the

issue of such an Order, and we hereby declare

that we have no objection to the issue of such an

Order, and we hereby declare that we have no

objection to the issue of such an Order, and we

hereby declare that we have no objection to the

issue of such an Order, and we hereby declare

that we have no objection to the issue of such an

Order, and we hereby declare that we have no

objection to the issue of such an Order, and we

SOMETHING FOR YOUNG FOLKS. **PADDY'S LUCKY STARS.**
Paddy was a puppy who had got a little tired

[illegible][illegible]

"What, my darling, lost piggy?" said mamma, as she turned on the electric light. The moment the little feline, full with grief, was sobbing in his mother's arms, his curly head and flushed, tear-stained face buried in her dress.

"Way, no, little one. he can't be lost," said mamma, hugging her boy. "You brought him home, didn't you?"

"Yes, mamma," said the boy, who carried him back again to the nursery. Daddy was waiting for him.

"But Daddy had already left the room, and very soon came back with the precious piggy in his arms."

"That's all right," said mamma, who assured Malcolm, as he fell asleep, hugging his piggy.

EXAMINATION DAY.

The inspector was examining Standard I, and all the class had been specially told beforehand that the answer to the question of the month was almost certain your answer is correct." History was the subject. "Now, tell me, said the inspector, who was a Scotchman, "what was the name of the Scotch hero, Robert Bruce?" He pointed to the boy who had been specially told that

his answer was correct.

"Mamma," said the boy, "I don't know."

"What, my darling, lost piggy?" said mamma, as she turned on the electric light. The moment the little feline, full with grief, was sobbing in his mother's arms, his curly head and flushed, tear-stained face buried in her dress.

"Way, no, little one. he can't be lost," said mamma, hugging her boy. "You brought him home, didn't you?"

"Yes, mamma," said the boy, who carried him back again to the nursery. Daddy was waiting for him.

"But Daddy had already left the room, and very soon came back with the precious piggy in his arms."

"That's all right," said mamma, who assured Malcolm, as he fell asleep, hugging his piggy.

MAUD'S FIRST DRIVE.

Those of you who have been fortunate enough to have ridden in a motor car will understand how happy Maud was at having her first ride.

Maud was one day walking along the parade ground, when she saw a motor car with its carriages drawn by goats. There was one with a little girl seated in it already for a drive. "How lovely it must be to have a ride like that!" thought Maud, and she ran up to the driver and said, "May I have a ride in one of those cars, please?"

"I should very much, please, mamma," said Maud.

So mamma called one of the boys, and Maud got into the carriage and went for a drive. She was very happy and happy.

Mamma told the boys to drive them to their friends, and then she went home.

When they got home mamma paid the boy, and Maud told the goats with some biscuits and

When the boy was going away mamma gave him some nice little picture-books.

Curiously, "who was he?" "Pleas, sir,
Mrs. Irwin."

When Mand went to say good-night to mamma
she thanked her for letting her have such a
lovely treat.

THE CAMEL'S COMPLAINT.

Canary birds feed on sugar and seed,
Parrots have been known to crunch;
And as for the poodle, they tell me the poodle
Have chickens and cream for their lunch.

But this time I have a question
About my digestion—
Anything does for me!

A little boy had a pony and a dog, and his
grandpapa was often tried by not making him
—just to see what he would say—do give thanks
one or both of his pets.

One day a very good friend came to the house
and he might have his pony, reserving the dog, much to
the surprise of his mother, who asked:
"What is he doing here?"

[illegible]

But a camel does much better than a horse. What's the reason?
Anything does for me!

People would laugh if you rode a giraffe. But you could mount the back of an ox. Or a horse. Or a camel. Or to be trampled a fox. But a camel is the only animal ridden by families—Any load does for me!

A snake is as round as a hole in the ground, and a snake is as long as a snake and a stick.

COUBEN KATE.

THE COMPOSITION OF STARCH.
It has been generally accepted that starch is a definite chemical compound of carbon, hydrogen, and oxygen, represented by the formula $C_6H_{10}O_5$. But the change of starch into sugar under the influence of dilute acids or of the enzyme of the salivary glands, and the taking up of the elements of water, A

[illegible]

body to the front with his
"What have you got there, Jimmie?"
"Here's a new discovery,"
"And what do you want in exchange?"
"Blacking."

"Advice to Women." This is often seen in the papers. Generally referring to the use of the "Pills" which should be taken for best results. It is the thirty houses to say these things so often, when there's a hostful of coughing children and a box of sugar. The easy way is to get Woods' Great Peppermint Cure for the children's coughs, and win \$100 by composing three verses.

DEBOS OF THE DAY
For 35c. Inside Page.

And manly courage it doth try
Who will say nay?
Their danger in it, what of that
The cunning of the bauble and
This danger to the timber so
Of the ballad so
There's danger in it, what of that
T'would worships be to athlete men.
Why this we know.
If man were highness of mind,
The danger lies in many a gap.
For mortals we
To let it hinder anything
Which in the main doth pleasure bring
It may not be.
Thus revel in this game of dall
With confidence and hearty will,
While youth's your own; out
The golden time while it is yours
Heap it up with goodly stores
E'er it has flown.
But hold! my wits do not expand,
On beauty of life on endless ground,
The baseness run,
And quietly at the greenward fill,
Hear it in the winning lay
So victory's won.

O. GIBSON, London.

BOTHWELL BAND OF HOPE.

The annual festival of the above Band of

Hope was held in the Temperance Hall on

Wednesday last, Mr. G. Priestley presiding

over a number of interesting and amusing

entertainments. An address was given by Mr. R. Ashton,

of Metherley, who also presented the prizes to the

Band of Hope scholars, in the absence of Mr.

Wm. Arncliffe, who had been invited to be

presented to act in that capacity, but was

unable to be present through indisposition.

The prize-winners were:-

1st Class.-Ernest Brown, Oliver Isaac,

Ivy Pickering, Nora Pickering, Elsie

Morgan, Nellie Goddard, Florence Smith,

Nellie Whitehead, Gertrude Siddons, Har-

rie Ward.

2nd Class.-Violet Ward, Gladys Beckwith,

Edith Sted, Susanah Askin, Elsie Mc-

Williams, Bertha Wild, Ada Moran, Florie

Armstrong.

3rd Class.-May Beacom, Evelyn Gib-

son, Annie Goddard, Annie Ward, Edith

Gibson, Annie Madamard, Lillian Har-

ison, Nellie Fox, Edith Harrison, Gladys

Ward, Kate Thacker, Elsie Parmenter, Louie

Armstrong.

4th Class.-Alfred Gibson, George Sid-

bottom, Harold Smith, Harold Moran, Har-

ry Williams, Herbert McWilliams, Edwin

Ward, Albert Blackman, Willie Moran, Fred

Pickering, Robert McWilliams, William

Ward, William Askin, Leonard Smith,

John Moller, David Siddons, James

Moller.

5th Class.-George Brown, Ernest Ward,

Harry Gibson, Albany Brown, Arthur Moller,

Willie Beacom.

Master Percy Lord recited "Baruch's

Prayer." The pipes of Lockwood, and

Miss E. Harrison rendered the solo "Have

you seen my soldier boy?"

Mr. G. Priestley, the secretary, in a lengthy

report, said that the band had been a

memorable one for temperance workers.

At the beginning they were buoyed up with

high hopes and great enthusiasm, and later

they were cast down with disappointment

and discouragement. Last year they

had great hopes of doing better than the

provisions of the League, but on the day

of the League, spurred on by the great

brewers, ruthlessly cut their air high

ambitions, on the plea for one thing that

the Bill would cause more much public care

for the working men week after week who

emptied their pockets into the publicans' till,

while their wives and little ones were star-

ving at home. The year was not without its

encouraging legislation, for in the Children's

Bill they had a measure which made all

children under three years of age to be

stated. During the year the band held 26

meetings, at which there was an average

attendance of 94. Twenty-four first prizes

Carlton second were defeated by Darton

compiled the moderate total of 59. Ainsworth

and Ellis were the two highest scorers, each having taken 6 wickets in hand when the game was locked out near 28 and E Moton 16 being the principal contributors.

Woodford and Horford W woodsie met at Woodford and both teams batted well. The visitors had first choice of the bat and McMillan and B Baxter opening the innings. The former just made double figures and the latter was out for 6. O Wilkinson and T. Collier bowled a good innings of 30-65 runs were on the board. At 60 the fifth wicket fell and the score was taken to 100. The bowlers were J. Collin and G Hewitt during their partnership made 78. The captain still shows some of his old form and his innings of 57 not out was the best of the match. The bowlers, Woodside also batted well and the game was laid drawn when they had scored 84 for the loss of 4 wickets. G H Martin made 40 and J. Collier 30. The last batsman J Fairburn batted a splendid not out innings of 88.

The seconds of the above eleven played at Woodford and some interesting play was witnessed. The visitors commenced batting W Waide and J Cleaver being the bowlers. The first wicket fell at 8, the second at 9 and third at 14. At the latter figure the fourth, fifth and sixth wickets also fell. The whole team were out for 27. J Cleaver took 4 wickets for 6 runs—4 of which were taken in one over, including the hat trick. Waide secured 4 for 10. Woodford passed the bat and the game was laid drawn. The game was continued until the whole team were dismissed for 88. J Cleaver, also did well with the bat, making 28, whilst Collier made 16 and A. Waide 12.

Robin Hood played at home against Swinington Park and were the first and compiled the moderate total of 65. W Britelbank was

F Wigglesworth and W Maofarians scored 9 each. Palmer got 4 wickets for 14 and Holroyd 4 for 25. Robin Hood commenced badly with the bat, 8 wickets falling for 29. Palmer who was tenth in made 12 and the team were all out for 49.

order to raise funds for the new organ Primitive Methodists at Carlisle held a sale on Monday last, as a result of which £23 was netted. The stall-holders were T. E. Ward, Mrs Butler, Miss O Ward, Miss M. Brown.

A TWICE TOLD TALE.

Good news bears repeating, and when it is learned after a long lapse of time by the public, it, even if we hesitated to believe it

now. The following marvelous experience of a Leeds woman is confirmed after three years.

Mr. C. H. Cusack, Leeds, Linton-street, Grosvenor-church, Leeds, writes:— "Dear Sirs: I am writing to thank you for the good Doan's Backache Kidney Pills have done for me. I was unable to suffer severely more than three or four times a week, at the same time with terrible pains in my back, shoulders, and sides, and I was also unable to walk more than a few steps at a time. I walked any distance my legs felt as though they would break.

"I tried all kinds of 'remedies,' but none did me any good, and I began to despair upon my case as hopeless. A grand-sister of mine urged me to try Doan's Backache Kidney Pills, and I bought a box and tried them. I was able to walk after the first. By the time I had taken two boxes of the medicine I was well again, free from all my troubles, and I am glad to recommend Doan's Backache Kidney Pills to my friends.

"**Three years later,** Mrs. Cusack and I were again afflicted with the same trouble. Doan's pills," I am pleased to be able to say "I still value, and that there has been no return of an old ailment."

"I have been benefited by taking my advice and using Doan's pills."

Doan's Backache Kidney Pills, in their original form, have been tried three

Donn's Backache Kidney Pills are two shillings and ninepence per box (six boxes thirteen shillings and ninepence). Of all

For-McClellan Co., 8, Wells-street, Oxford-
ford, London W. You are sure to get the
best medicine if you ask distinctly for Doan's.

NICE DISHES.

TOMATO SALAD.—To make tomato salad, peel
some good-sized tomatoes, cut them in halves,
put them in a dish with oil and vinegar in the
proportion of one part of oil to two of vine-
gar, and pour over them a sprinkling with
salt and pepper and ask, according to taste, and garnish
with little leaves of cress and sprigs of watercress.

MINCED SANDWICHES.—Chop half a pound of
lean ham very fine; add one minced pickle and
one minced onion; season with salt, pepper and
tablespoonful of mustard; put four ounces of
butter in a frying pan, melt it, and fry the mince

CURED CAULIFLOWER, BEANS, OR LENTILS.—Cut the cauliflower and drain the vegetables. If cauliflower, do

oil-based ones. Mix all the ingredients in a good blender, stirring this process sprinkles over a good tablespoonful of flour and curry powder blended with a little salt. When done this will produce a dry fry. Molai curry, if preferred, is made by adding a teaspoonful of the liquor in which the vegetables were cooked. This is the best of all the curries in the process of cooking. Serve with a wall of rice boiled in water; Patna rice is the best for curries.

ALEXANDRIA PEROGIES.—Mix 1½ cups of fat with the bottom with nicely-sifted apples, or any kind of jam. Mix three very large tablespoonfuls of a cream and add a little salt and powdered loaf sugar. Add a juice of half a lemon, with the rind grated, and a little of amalgamate these ingredients and mix well. Roll out the dough in a thin sheet; and when all have been thoroughly beaten together, spread it into the dish over the jam, and bake for 15 minutes. If you prefer, you may use a moderately-beaten egg.

Scudder, what are you building—a
shed?" "No; just a hat-box for my wife."
"One abiding a bottle, sir!" Victim:
"What will it cure?" Quack: "What have
you?"
"Do you talk in your sleep?"
"No. I talk in other people's. I'm a
man."

ston: "The woman I marry must be an
housekeeper." Woderley (with a sigh): "Take
old man, and get a practical one."
p: "Give me something to eat, lady!"
of the House: "Would a chop suit? Tramp
ously: "Mutton or firewood, lady?"

Tommy: "It's something you hunt all over the place for while the ink is getting dry."
Father: "I love him. He is the light of my life."
Father: "Well—that's all right; but I don't want to have my house lit up by him after dark."

keeper (awakened at 2 a.m.): "What want?" Customer: "If yo'll let me look in rectory to find out where to address this

Y wife think it's the fault of the seed.
ress (to her domestic): "I suppose you
alk about each other just the same as we
do about each person in our set!" Do-
: "No, mum; we mostly talk about the
seed."

"How far have you progressed?" "I have
where to put my arm." "How long has
been giving you lessons?" "Oh, a little
six weeks."

Day-school Teacher: "Why must we always
lead to the poor, Ethel?" Ethel (slightly
d): "Because among the sundry and mani-
changes of this wicked world we don't know
soon they may become rich."

that, but I've lost the place."

12

League Sanction Committee—President and Secretary.

Boris Davison Committee—The President, Messrs Davies, Coonan, Fenwick, and the Secretary.

The last-named committee was authorized to revise the Cup Association rules, and report to the Executive Committee a fortnight hence.

The question of securing uniformity in decisions by Committees was discussed, and eventually it was referred to sub-committees consisting of Messrs Davidson, Denton, and consisting of Messrs who were asked to draw up a scheme, and report to the Executive Committee.

The Committees were appointed as follows:

Leeds—Messrs Coonan and Osborne.
Crusafates—Messrs Bridge and Denton.
Harrogate—Messrs Waterhouse and Bridge.
Gosforth—Messrs Gave and Denton.

LEEDS LEAGUE.

The executive of the Leeds Association League met on Monday night last at the Green Dragon Hotel, Leeds, Mr. W. Howe presiding.

The following clubs were re-admitted to membership.—St. Ardenley, John Fowler & Co., New Wortley Graces, Northern Airline, Clarence Ironworkers, Hunslet St. Riles, Leeds St. Patrick's, and Richmond Hill Wanderers; while four new clubs—Osborne St. John's, St. Ann's, Leeds City Tramways, and Hunslet St. Joseph's—were enrolled.

It was decided that the remainder of the old clubs must re-apply for admission by league next, otherwise their inclusion in the league will not be entertained.

LADL SIDERS' EXULTING TRINCE.

As the motor car owned by Mr. Dawsonport, of Calton, was returning from Scarborough on Friday night last, occupants were thrown out as the car took too high a speed. The party consisted of Mr. Harold Robinson (son of the late Mr. Robinson and her husband Edward Robinson), and William Wall was driving. The scene of the mishap about three miles on the Leeds side Bramham Common.

It is stated that just as the car resumption of Thorne Lane with the Road, one remarked "This is the way we have to take," evidently mistaking the driver. The chauffeur turned the car to the corner, and the back wheels crossed the road, the vehicle turned over. The driver was thrown right off the car, and the three occupants were pinned underneath. The two passengers managed to crawl out uninjured, but Robinson was held under the back part of the car.

A policeman, of Barwick, and two constables, of the same village, all saw the car turn turtle, rushed to the spot, and assisted to raise it. Mrs. Robinson is said to be badly hurt.

Mr. Mayes, of Thorne, was sent pressing his inquiry to the door was opened when the injured lady was carried to Morwick Hall, the residence of Mrs. Barwick. Mrs. Robinson was found suffering from a severe shock, and sustained a fracture of the ribs afterwards the Leeds Infirmary in the horse man

CRICKET.

CHARLESWORTH'S COLLEGE V. OUF.

ROTHWELL HAIGH COLLEGE V. NEWMARKET SILENTOWN COLLEGE.

The first of the two matches between the above teams in the above competition took place on the Rothwell Cricket ground, last Saturday, before a good attendance. Previous to this game both sides had been defeated by the only other club in the competition, Robin Hood College. Before a start was made a wet afternoon but fortune favoured the meet for after evening a stoppage once the game was brought to a definite finish. Both teams were well represented and the match was a very close one. The Rothwell side was the victor, the final score being 115 runs to 85 runs. The Rothwell side was the victor, the final score being 115 runs to 85 runs. The Rothwell side was the victor, the final score being 115 runs to 85 runs.

WOODLESDALE CRICKET CLUB.

LADIES V. GENTLEMEN.

The annual ladies v. gents cricket match in connection with the Woodlesdale Cricket Club took place last Saturday. The ladies were defeated by the gents by 115 runs to 85 runs. The Rothwell side was the victor, the final score being 115 runs to 85 runs.

NEWS FROM AUSTRALIA.

To the Editors of the Rothwell Times, Sir, In my last letter to you I stated that the Premier, the Hon. T. Price, was very ill and unlikely to get better. On the first of this month he passed away. I am sending you a paper containing a full and a bit over-estimated of his life and death; may he R.I.P.

Mr. Peake was sent to the so-called Liberal Party, and belongs to their list with the Labour Party, dated with to continue to be Premier. The leader of the Labour Party, Mr. Peake, has been elected to the position, when the Governor resigned the position, when the Governor resigned the position, when the Governor resigned the position.

WOODLESDALE CHURCH SUNDAY SCHOOL FESTIVAL.

In connection with the A.P. School, Woodlesdale, the annual Sunday School festival and flower service was held on Sunday afternoon, July 25th, at 2.30 p.m., at the school. Previous to the service the children assembled in the school yard and formed a procession, headed by the processional cross, the choir, the girls, playing in the street band, and the school band, and proceeded to the church. The service commenced with a procession of the choir, singing "Brightly gleams our banner," after which the altar flowers were placed on the altar, and the service proceeded to the church. The service commenced with a procession of the choir, singing "Brightly gleams our banner," after which the altar flowers were placed on the altar, and the service proceeded to the church.

ROTHWELL PARISH CHURCH A.F.O.

The annual meeting of the above club was held in the Old Band-room on Saturday evening, July 24th, at 8 p.m. The Rev. Mr. Taylor, the minister, presided, and the first business was to read the minutes of the last meeting. The minutes were read and approved. The Rev. Mr. Taylor, the minister, presided, and the first business was to read the minutes of the last meeting. The minutes were read and approved.

ROTHWELL TEMPERANCE BAND OF HOPE.

The annual festival in connection with the above Band of Hope took place on Wednesday last. The members of a large number of schools paraded the streets and rendered their hymns at various stages. The service afterwards proceeded in the Temperance Hall, after which a journey was made to Dry Bank Hall.

ROTHWELL GAS-LIGHT COMPANY.

NOTICE IS HEREBY GIVEN that the Ordinary Half-Yearly Meeting of the Shareholders of the above Company will be held at the Office of the Company, Gas Works, Rothwell, on Monday, the 28th day of September, 1909, at 2 o'clock in the Evening, to receive the Report of the Directors and Accounts for half-year ending 30th June, 1909, to declare a dividend, and to transact the general business of the Company.

The Transfer Books will be closed from the 1st to the 15th September, both inclusive.

By order of the Board, THOS. WOODWARD, Secretary.

ROTHWELL TIMES.

Circulating in Rothwell, Woodlesford, Outton, Carlton, Louthouse, Middleton, Leeds, Hunslet, Stourton and Metherley.

Friday, August 20, 1909.

NOTES BY THE TYKE.

Your readers like myself will be much more than pleased to see the notice of the lighting scheme for the improvement of the lighting system. The darkest hour is that just before the dawn, and the darkest night appears to be those immediately preceding the lighting of the street lamps.

That Outton and Woodlesford, a rural district, can have their streets lighted a week or two before their urban neighbours speaks to me to call for some explanation. Is not Commercial Street illumination is still to be continued on the lines of recent years, for Rothwell being the hub of the universe, its main business thoroughfare is worthy of special attention. Despite the fact that a very large number of people still make Rothwell their centre for shopping, Commercial Street on Saturday evenings being thronged with people, to such an extent as to surprise many of our forerunners could they be here to see.

The first night of lighting was on Tuesday, when Commercial Street was ablaze with light and the other thoroughfares less lit than they have been at nights for some weeks past.

Now that the people of Lee Moor Common have got their lighting scheme through, the residents at Patrick Cross are beginning to get the lamps being hung, and the light to their little colony of houses. A lot of miners travel this road at night and to the new Newmarket collieries and it is the working man now-a-days that has to be considered.

I note that in order to stimulate trade in the adjoining borough, a special show week is being arranged during which the shopkeepers are to make special window displays. Why should not our local traders follow on similar lines and thus help the circulation in our own midst of wages earned by the district?

The question as to who has legal right to the "In-lary" boxes, which for years have been in our local hotels, and to the money voluntarily placed there, appears to be still exercising the minds of many interested in raising money locally for the medical charities. Personally I should think the In-lary boxes should have been removed long ago, and whether they are legitimately claimed or money deposited therein is a fair point. I heard the other day that legal advice had been sought on the question, and that after the inquiry had been made the point may be brought to a practical test.

Although the tender of the Outton Temperance Band for services to be rendered at the forthcoming Demonstration at Rothwell was not accepted, I heard the other day that they offered to give their services free of charge to the local band, would it be so simple?

Time, however, for such gratuitous service appears to be now a thing of the past, for year after year the cost for music supplied runs nicely into double figures. £11 10s 0d was paid last year and I should not be surprised if this year it is a little more.

So Mr. Dixon after all his long association with the Morley Division as their representative at St. Stephen's is to withdraw into private life. He has certainly made a capital representative, and if Mr. Gerald France, of Newcastle, the prospective Liberal candidate at the next election comes to the same standard, then the electors will have little cause to complain. A man more in touch with the district I should have thought could have been found, and would certainly have had a better chance of winning favour with the electorate. If the opposite party secure a local gentleman for the fight the contest should be an interesting one. Mr. J. S. Charlesworth, I believe, is running the constituency already in the interests of the Conservative Party, and should carry with a rush at any rate this side of the Division.

Mr. Hoffman Wood appeared to be rather hard on the Directors of the East and West of their half-yearly meeting last week. Despite the fact that the bad trade which had been experienced the previous year had been increased, besides paying the usual dividend on the preference stock. The Company has been handicapped by the large outlay in equipping the new plant, and the fact that the directors are not paying attention to the work of the line as to increase the balance and give promise of a meeting more than the ordinary annual meeting would have been a great deal more than a small amount of well directed surgery. Words of encouragement and praise for work cheerfully given under adverse conditions was

what I think would have been more suitable to the occasion.

My congratulations to the Rothwell Temperance Band on their success at Queensbury on Saturday last. First for march and third for selection made up of their good songs and songs. I trust before long to be able to congratulate them on a "double first."

The balloon which came over the Rothwell district on Saturday evening last it appears was from Bradford. The ascent was made from Lister Park, Manningham, Mr. B. Bramhall being in charge. He was assisted by Dr. Vaughan Watson, Bradford gentleman, who has travelled extensively in Tibet, and in addition to Sir George Scott Robertson, there was another passenger, Mr. Isaac Brodgen. The balloon ascended just after six o'clock in the evening to about 1,000ft. After edging round in the clouds towards the south a descent was made, and an easterly direction was taken over Rothwell and towards the good view of the town. At that point some beautiful cloud effects were seen and a most extensive view of the plains of York and the Humber river. Passing more south-east, Pontefract Castle was visible at a low elevation, and Stapleton Park, after which Baine Moor was traversed at an altitude of about 2,500 feet. The Knottley and Goolse Gull was followed towards Skirbeck and the river, commencing being made with some of the boats going towards Goolse. After leaving Goolse Reservoir the Crowle and Thorne Moors were crossed. Heading for the hills of Airedale, the barometer of the balloon was reached on the banks of the river Trent, and as the light was falling a descent was made with success in a pasture of Mr. W. C. Cooles, the water being more brackish. Sir George Scott Robertson afterwards expressed himself as charmed with his first experience in the air and with the beautiful country over which the balloon had passed, as well as with the Yorkshire hospitality received.

The marriage on Monday last, of the vicar of Louthouse, came quite as a surprise to the parishioners, the ceremony being a quiet one, only two or three witnesses being present.

ATTEMPTED SUICIDE AT STOURTON.

Mary Ellen Brocomb, 18 years of age, residing at Stourton, was charged at the Leeds West Riding Police Court on Tuesday last with having attempted to commit suicide by endeavouring to take salt of lemon.

Arthur Victor Brocomb, minor, prisoner's husband, stated that he had been married to her for about two years, and that on Saturday last his wife was upstairs, and he was writing a letter, when she called to him. On going upstairs he found her fully dressed lying on the bed and crying out with pain. She told him to get some salt of lemon to eat. He went downstairs, but hearing the jingling of a spoon against a cup he rushed upstairs and saw her with a white powder in the spoon, which she was putting into her mouth. He took the spoon from her, and she told him to get more salt of lemon. He took her to the bed, but she refused to take it. He afterwards found a packet of salt of lemon in the bedroom. In reply to Superintendent Knight, witness said that his wife had previously threatened to take her life.

The prisoner had made the attempt on Saturday, he said that his wife took a pair of stockings belonging to a neighbour of a Mrs. G. She stated that she had done so, and had made the attempt in a temper.

Superintendent Knight (to the husband): Have you been writing to any girls?

Witness: No.

Superintendent Knight: Have you been sending a photograph (to the husband): Yes, I wrote for my photograph.

Superintendent Knight said the prisoner told him that since she had been married she had had an unhappy life. The husband had been writing to other girls. He was away some time training with the M.H.I.A., and only wrote once to his wife, but he had been writing to other women and had been sending photographs to them broadcast. He thought the prisoner was more stupid against than against him. She had promised she would not attempt her life again. Her parents lived at St. Stephen's, and he (Superintendent Knight) put to them, suggesting that the mother should come to the court, but the father would not let her come, so that there was a want of humanity all through the case.

Superintendent Knight: You ought to be in the dock rather than your wife. You have driven her to it.

Prisoner stated that she was sorry for what she had done, and promised not to make a similar attempt again if she were let off.

The prisoner was discharged, Mr. Maude telling the husband that he must behave better to his wife in the future.

ANGLING.

The members of the Rothwell Working Men's Club Angling Society had an off match at Consey Moor, Allerton, on Saturday last. Mr. G. W. Ashton won 1st prize, Mr. S. Ward 2nd, and Mr. W. Cronshaw 3rd.

In the Castledown Angling Club's annual match, which took place on the Derwent at Elvington on Saturday last, 48 members competed. Mr. W. Denton, of Rothwell, won the first prize, a silver cup, for his thirty-five shillings, with a catch of five fishes weighing 2½lb. This is the second first prize in three years Mr. Denton has carried off, besides the first prize in the opening match last year.

After the match, some for school children took place. For girls under 12, Doris Davis won the first prize, a bangle; and Elsie Bridges the second, gold locket. In the boys' race, W. Flecker took the first, a watch, and Horace Edwards the second, a clock. There was a large entry for the bowling at wickets. G. Ansell, of Leeds, securing the first prize, half-a-dozen knives and forks, and P. O. Oter, of Leeds, secured the second, a box of stationery given by G. Ansell, of Leeds, and Albert Abbotshaw, of Rothwell. Jack Baldwin, the well-known wrestler, defeated P. Smith, of Rothwell, in 4m. 15sec. G. Ansell, 4m. 15sec. and Albert Abbotshaw 4m. 30sec. P. O. Oter, Mr. J. Oakland was the referee, and Mr. J. H. Rawling the time-keeper. A tug-of-war between J. Baldwin's team and the West Riding Police won by the latter and was abandoned. The Rothwell Old Band supplied the music for the gala. Considering the unpropitious weather, there was a large attendance of spectators, and given a fine day the effort could have been the most successful of all their ventures.

Mr. Milton Langstaff, B.A., B.Sc., an old Woodfordian, has recently been appointed Science Master in the new Woodford School, Goolse.

HUNTSLEY GUARDIANS AT OBISKET

The second match of the season between the rival representatives of the Homes and Workhouse Committees of the Huntsley Band of Guardians took place on Wednesday last. In the first match, four hours went with the Homes Committee, who made 57 to the Workhouse Committee 43.

On Wednesday, the Homes' captain, Mr. Wilson, again won the toss, and sent in Ward and Park to the bowling of Butcher and Edmond. The first-innings was a good form with the ball, capturing the first two wickets at little expense. Dicks and Walshaw, however, made a stand and put on runs rapidly, Dicks eventually falling a victim to a good delivery from Edmond, with a well played 56 to the end of the first hour. A very promising player, defying his wicket-keeper to the end of the innings, bringing out his bat for 22, the innings closing for 69. Mr. Froum's decision to retire was most criticised, when he retired the batsman, Mr. Wilson, and not gaining his cruse in time, but like the true sportsman he is, he retired like many other batsmen before him with very grave doubts in his mind. Beyond the jurisdiction of the all-powerful official the question was further thrashed out, but up to the conclusion of the match the legitimacy of his dismissal was still open to question. The second innings was started by the batting of the Homes Committee, the first-innings losing his wicket to a splendid break ball from Ward. Edmond followed, and the pair made a long stand, defying the onslaught of the attack, and adding runs at opportunities arose. When within one or two of their opponents' total, Park took up the attack in place of Ward, and the Homes' batsmen were driven to the end of the innings, but Park had given a very pleasing display, and had 38 runs to his credit. Butcher joined Armitage and sent the winning hit, Armitage having played through the innings unbroken for 45.

WEST RIDING POLICE v. ROTHWELL TRADESMEN.

The police of the West Riding Division who have in past years held cricket matches and sports in various parts of the division, made their first venture in this district on Wednesday last. The weather in the early part of the day was of a nature to make the game of cricket a disappointment. About noon, however, rain had about expended itself, and cricket was commenced shortly after the advertised time, the Tradesmen being the first to bat. The first-innings was a very good one, the police batting first and taking together 55, the principal scorers being P. O. T. (10 not out) and F. S. High 11. The second-innings was a very good one, the Tradesmen batting first and taking together 55, the principal scorers being P. O. T. (10 not out) and F. S. High 11. The third-innings was a very good one, the Tradesmen batting first and taking together 55, the principal scorers being P. O. T. (10 not out) and F. S. High 11. The fourth-innings was a very good one, the Tradesmen batting first and taking together 55, the principal scorers being P. O. T. (10 not out) and F. S. High 11. The fifth-innings was a very good one, the Tradesmen batting first and taking together 55, the principal scorers being P. O. T. (10 not out) and F. S. High 11. The sixth-innings was a very good one, the Tradesmen batting first and taking together 55, the principal scorers being P. O. T. (10 not out) and F. S. High 11. The seventh-innings was a very good one, the Tradesmen batting first and taking together 55, the principal scorers being P. O. T. (10 not out) and F. S. High 11. The eighth-innings was a very good one, the Tradesmen batting first and taking together 55, the principal scorers being P. O. T. (10 not out) and F. S. High 11. The ninth-innings was a very good one, the Tradesmen batting first and taking together 55, the

NOTES BY THE TYKE.

I read by your last week's issue that I have

a special 'par' writer in the field, and 'wel-

come gallant knight,' I say, for occasionally

we may not agree. There is nothing very

glaring about his handling. The name and

'Page' suggest, of course, the manner of

things, and to my mind 'refuse' was the

predominant component part of your new

series of contributions. His opening para-

graph was only a means to an end, and that

end was to attack the present Rothwell Infirmary

Committee, an attempt to depreciate their

honourable labours in the interests of charity,

personal spleen against certain officials and

flaming jealousy last year's effort should

be a successful one.

As to his notes about the Carlton Band's

offer to give their services I am informed that

no such offer was officially made, so that

Secretary Clark, as he happens to dab him-

self in the matter, is not responsible for not

placing before his Committee a communication

he had received. I understand the Carlton

Band had expressed themselves willing if

the Rothwell Bands were able to fix the

date of the demonstration for all time. New

workers have new ideas, new methods, and

new aims; the alteration of dates—for which

there was a very justifiable cause—cannot be

seen as unpardonable. The exception in the

perhaps of those who for other reasons feel

aggravated. Perhaps your correspondent hopes

that 'the influx from the outside districts

will not come up to previous years.' At any

rate that is any consolation from the reading

one can see between the lines.

'Evidently "Man of Town" knows

more about the collecting boxes in the local

hotels—and perhaps more about the local

hotels than about the topics he attempts to

discuss. He refers to my note about the

fact that the collecting boxes in the local

hotels—and perhaps more about the local

hotels than about the topics he attempts to

discuss. He refers to my note about the

fact that the collecting boxes in the local

hotels—and perhaps more about the local

hotels than about the topics he attempts to

discuss. He refers to my note about the

fact that the collecting boxes in the local

hotels—and perhaps more about the local

hotels than about the topics he attempts to

discuss. He refers to my note about the

fact that the collecting boxes in the local

hotels—and perhaps more about the local

hotels than about the topics he attempts to

In the air, but at last appear to be material-

izing. The adjoining cottages, some time

ago purchased by the Trustees, are now being

reared to the ground. The plans I under-

stand provide for a large billiard room which

will have ample space for two boards, and also

the enlargement of the present hall. Other

much-needed accommodation will also be

provided in the shape of reading and other

rooms. I admire the Committee's efforts to

provide for the young men of the village

recreation and entertainment apart from un-

desirable surroundings and temptations, and

trust that their scheme may be successfully

carried out.

The Rothwell White Rose Club I under-

stand, are making an attempt to get round

the corner of their financial embarrassment, and

are promoting what promises to be a money-

making chocolate club which is limited to

those of Calvert, late full back for Stourton.

The annual visit of some old and

experienced hands are putting their shoulders

to the wheel again, and are long I hope to see

old club in its usual prosperous and

flourishing condition. The executive have

good hopes of putting an excellent playing

eleven in the field on strictly amateur lines.

New faces to be seen in the team will include

those of Calvert, late full back for Stourton.

CRICKET NOTES.

By FIELDMARSH.

Carlton first finished up their season with

a brilliant victory on Saturday, over Thorn-

hill, at Carlton. Both teams were weakly

represented, but in that respect Carlton en-

joyed a very great advantage. Mr. Walker

and A. Senior facing the attack of Ely and

Hemsworth. 18 runs were scored when

Walker was given low to Ely, and a later

Senior was heavily stumped by Dr. Brown off

the same bowler. Though Hemsworth bowled

well and he had many narrow chances of hitting

the stumps, he did not obtain a wicket in his 8

overs—12 runs being scored from his deliveries.

Ely and Hemsworth were the only first

team regular bowlers playing, and Ely did not

come regularly to put on, but selected the

right ones, for Hemsworth and Dr. Brown bowled

well and secured 7 wickets between them. The

third wicket fell at 35 and with one addition

the fourth was captured. G. Penny who is

very well-known by the Carlton players was

caught and bowled by Walker for 11. Dr.

Foskett took 4 wickets for 3, Hemsworth 3

for 21, and Ely 2 for 19. The fielding of

the Carlton team was very good. The bow-

ling was a poor start, but the bowlers

went on to put on a very good bowling

performance. The Carlton team was

very well-known by the Carlton players was

caught and bowled by Walker for 11. Dr.

Foskett took 4 wickets for 3, Hemsworth 3

ROTHWELL DISTRICT COUNCIL.

A monthly meeting of the above Council was

held on Monday evening last, at the offices

of Messrs. Lunn (chairman), John Dobson,

James Horner, Eli Dobson, John Dobson,

Abraham, James Arncliffe, G. W. Blakey, J.

E. Jordan, Wm. Lunn, G. Arncliffe, Walter

Wade, J. W. Hemmings, J. W. Volland,

W. E. Richardson, with the clerk (Mr. W.

Duggan) medical officer (Dr. Sturgeson),

surveyor (Mr. Southwell), and sanitary inspec-

tor (Mr. Moorhouse).

The minutes of the last Council meeting

were approved on the motion of Messrs. Lunn

and Blakey.

HIGHWAYS.

At a meeting of the Highways Committee

held Sept. 14th, the members present,

Messrs. Lunn (chairman), John Dobson,

George Arncliffe, Chadwick, and Hemmings-

burgh.

Resolved, that the estimate of £25 for

trimming the Council's pavers on the

Leeds & Wakefield Road above the mile

post for a distance of 320 yards be sub-

mitted to the County Council for approval,

and that the Surveyor meet Mr. England

on Ball Hill and require him to relay

the tramway sets along the same margin

at the same time.

It was resolved that the Council kerb

in front of Mr. Stannard's new property in

Leadwell Lane and forward to the back

on condition that he sets back his bound-

ary fence in line with the present

building line throwing the rest of the

land into the road; that this Council take

every step to oppose the application of

the Wakefield and District Light Railway

Company to abandon the powers for the

construction of the line from Rothwell

through Oulton, and that the improve-

ment of Bailey Lane stand over till next

month.

The County Council wrote asking the

Council not to enter into an agreement

with the Midland Railway in regard to

the Wakefield Road maintenance until the

matter had been considered by the

Committee of the County Council.

Mr. Lunn in proposing the adoption of

the minutes referred to the paragraph relating

to the Wakefield Road maintenance until the

construction of the line from Rothwell

through Oulton, and that the improve-

ment of Bailey Lane stand over till next

month.

Two years ago they sought to cancel

the power of the line and had been granted

the power to withdraw. They (the Council)

thought it would be a benefit both to Oulton

and Rothwell and were of opinion that their

County Council should be able to compel the

Company to carry out their first agreement.

Mr. Hemmingsburgh seconded.

Mr. James Horner thought they should

not compel the Company to complete the

line as it was not a public road.

Mr. James Arncliffe: What steps are

the Committee going to take and what expense

will there be in opposing the application?

The Clerk said they would have to give

notice to the Board of Trade of their opposi-

tion. He had written Messrs. Henry Briggs

Son & Co who had also taken steps to oppose

it.

Mr. Hemmingsburgh said Mr. Horner

had forgotten they were opening out quite a

new district at Oulton to which it would prove

a blessing.

Chairman said he did not think they

were doing any harm in compelling the

Company to complete the line; it would prove

a blessing to them with the opening of the new

colliery. It would be a benefit to the

district. They had been very

lax with the Tramway Company who had

practically done as they liked with their

highways where other Councils had com-

pleted them.

Mr. Abbot said the Tramway Manager

had told him they would be better without

Rothwell altogether.

Mr. G. Arncliffe: You cannot compel a

Company who have no money to carry on a

scheme.

The Chairman: You forget the important

improvement it will make in Oulton Lane

which the Tramway Company would have to

carry out.

Mr. J. Arncliffe said they could not expect

the Company to bear all the cost of these

improvements.

The minutes were adopted.

FINANCE.

At a meeting of the Finance Committee

held September 14th, there were present,

Messrs. Lunn (chairman), George

Arncliffe, Chadwick, Hemmingsburgh and

Lunn.

Resolved, that an allowance of £3 10s

be made to Mr. Lunn for water rent as per

his letter of the 24th August.

Resolved, that cheques be drawn for

payment of accounts amounting to £933

£s. 6d. and one on the loan treasurer

amounting to £7 18s. 6d.

The minutes were passed on the motion

of Mr. John Dobson.

LEGAL REPORT.

The Medical Officer reported that during

the month ending September 13th, there had

been 37 births (17 males and 20 females)

and 11 deaths (5 males and 6 females) besides

9 deaths in the Workhouse (2 males and 7

females).

The cause of death were:—1 diarrhoea

(Stourton Ward), 2 phthisis (1 North, 1

Workhouse), 1 tubercular disease (Workhouse),

1 malignant cancer (Louthouse and Thorpe),

1 pneumonia (Louthouse and Thorpe), 2 heart

diseases (1 Stourton, 1 Louthouse and Thorpe),

2 accidents (1 South, 1 Workhouse), and 6

all other diseases (1 North, 3 Workhouse, 1

South, 1 Carlton). Five cases of infectious

disease had been notified, 1 scarlet fever (North

Ward), 1 diphtheria (North Ward), 3 phthisis

(1 Workhouse, 2 South). There had been

resolutions to hospital the patient who had

diphtheria, both of which had been dis-

charged and there were now no patients in

the hospital from the Rothwell Council's area.

SANITATION.

At a meeting of the Sanitary Committee

held September 13th, there were present

Messrs. Chadwick (chairman), Gordon,

Squire Dobson, Wade and Eli Dobson.

The Inspector presented his monthly

report as follows:—

During the past month 21 nuisances

have been abated, 748 loads of nightsoil

have been removed from August 12th to

September 9th, 1909.

A new well has been constructed in

place of a foul privy condemned at

Prospect House, Stourton, and the

well has been inspected, all

of which were satisfactory with the

exception of one, which was not regis-

tered in accordance with the Act. A

Sanitary Inspector has been appointed

(Mr. W. Duggan) medical officer (Dr. Sturgeson),

surveyor (Mr. Southwell), and sanitary inspec-

tor (Mr. Moorhouse).

I have made a separate report on the

nuisances arising from Oil Works at

Ouswell Green, a copy of which will

be supplied to each member of the Sanitary

Committee.

The Inspector was instructed to reject

all inferior pipes when used for sewerage

purposes. He also reported on his visit

to several gas distilling works, and

it was resolved, that notices be served

on Messrs. Oline Limited to abate a

nuisance caused at their works by the

emission of fumes or gases from the

back from their works at Ouswell

Green within three months from service

of the notice; that notices be served on

Messrs. Oline Limited to abate a nuisance

caused by a polluting effluent flowing into

the back from their works at Ouswell

Green within three months from service

of the notice and that the Committee

meet Mr. Johnson at Lemonroyd to

consider what alternative course can be

taken in the event of their failing to come

to terms with Major Calverley for the

acquisition of the land.

The Chairman proposed and Mr. W. Wade

seconded the approval of the minutes.

Mr. Abbot said he did not understand

why so many privies at Stourton needed

converting into w.c.s as Stourton was not

in the parish of the Council. He had left

the paragraph out referring to inferior pipes.

Mr. Volland said the representatives of

Stourton had quite a different opinion to Mr.

Abbot's. He had asked approval of the

Committee's action in providing w.c.s and

taking steps in a right direction.

Mr. G. Arncliffe said he would like to

know why the Inspector had said that

he had seen the drain at Rothwell High

without drawing his attention to them. These

pipes which had been in use at Oulton were

brought because they had run short.

He was sure that they were not as good as

the pipes in their district and they were

of the opinion that they should not be used.

The Inspector said the reason the pipes had

been removed was because they were not

properly fashioned and came at the bottom.

The minutes were approved.

NOTES BY THE TYPE.

I am glad to see that both the Rothwell

and Hunslet Councils are to oppose the

abandonment of the tramway service between

Rothwell and Oulton, and to maintain the

which was included in the Wakefield and

District Light Railway Co.'s scheme when

they first obtained powers to enter for the

traffic between the cities of Leeds and Wake-

field. A tram service between Oulton and

Rothwell would be a great convenience and

might prove to be a paying concern when the

new Fleet Lane railway is opened.

As I anticipated Mr. Lunn found little if

any genuine support of his motion at the last

Council meeting, so the provision of public

baths for Rothwell. Councillor Horne did

second his motion and vote for the resolution

but in seconding the resolution he said he

did it only that the question might be debated

so that he evidently was not very much

convinced of the value of the scheme. Mr. Lunn

admitted that if provided in the district

would not probably be run at a profit. This

in itself is a significant admission, for Mr.

Lunn has been quoted as saying that if a

sumptuous patronage should such a building

be erected. Difficulties in the way, ominous

and insuperable to some people, with Mr.

Lunn's own avowed intention to build a

public bath at Oulton, it is not surprising

that he should be so ready to give up the

idea. Mr. Lunn's own intention to build a

public bath at Oulton, it is not surprising

that he should be so ready to give up the

idea. Mr. Lunn's own intention to build a

public bath at Oulton, it is not surprising

that he should be so ready to give up the

idea. Mr. Lunn's own intention to build a

public bath at Oulton, it is not surprising

that he should be so ready to give up the

idea. Mr. Lunn's own intention to build a

public bath at Oulton, it is not surprising

that he should be so ready to give up the

idea. Mr. Lunn's own intention to build a

public bath at Oulton, it is not surprising

SAD MOTOR ACCIDENT ON LEEDS

HILL, OULTON.

Mr. Alfred Bottomley, architect, of Leeds,

who was injured in a motor car accident at

Oulton on Monday evening, died at his

residence in Ingleside Crescent, Roundhay,

early on Tuesday morning.

At noon on Monday, it appears Mr. Bot-

tomley accepted the invitation of certain

members of the Yorkshire Aero Club, who

had an appointment to meet the Danes-

ter Aviation Committee, to accompany them

on the journey in a motor car, owned by Mr.

Albert Farwell, of Bradford. In addition to

Mr. Farwell, who drove, and Mr. Bottomley,

the other occupants of the car were Mr.

Herbert Dunn, Mr. L. Fawcett, and Mr. P. A.

Stannier. On the return journey they passed

through Oulton about seven o'clock, and

began the long climb up that side of John O'

Gunn's hill.

They had not proceeded more than a

hundred yards up the incline when a flat-

car, coming down the hill, carrying two men

and a boy, caught the car the half passing

rough the crest of the incline. It struck

Mr. Bottomley just below the shoulder, lifting

him right out of the car. Medical aid was

at once summoned, and afterwards Mr. Bot-

tomley was taken in the car, which was little

more than a wreck, to his home at Roundhay.

Mr. Bottomley retained consciousness for some

little time after his arrival. It was obvious, however,

that he was terribly injured, and further

conscience that he could not give land

only to beg that the car should be taken

away to a place where it would not be a

nuisance to the neighbourhood. Mr. Lunn

himself would care to approach Lord Stour-

ton after his car had been taken to the

pasture land as a baiting pool. Mr. Lunn

knows by his own experience that it is

very dangerous to have a car in the

vicinity of a public house, and he is

very anxious to get it away from the

place as soon as possible.

POLICE NEWS.

At the Leeds West Riding Court on Tues-

day, before Mr. W. H. Maude in the chair

and other magistrates, the parents of Laura

J. Aldrich, of 3 and 13, Ida Crescent, at

Leeds, were indicted in the sum of 75s

each for not sending their children regularly

to school. Mr. Steel proved the cases, and

Mr. A. Angus represented the West Riding

County Council Education Committee.

At Wakefield, on Monday, Walter Grainger,

former Leithwaite, was charged with shoot-

ing a homing pigeon valued at 21s, the property

of Lewis Hill, a miner of the same place, and

was fined 5s and 2s 6d cost.

The poor rates for Oulton and Woodfield

for the next half year is 2s 4d, a reduction of

2d, and the special rate for the same place is

a reduction of 3d.

At the Leeds West Riding Police Court, on

Tuesday, James B. Worsnop, labourer, of no

fixed abode, was sent to prison for three

months, for refusing to do work at the

Rothwell High Workhouse.

John Edwards, described as a stoker from

Oulton, was charged with being a deserter

from the 1st Battalion, The Buffs, and was

sent to prison for three months, for not

being a deserter from the Buffs.

Arthur Minett, labourer of Oulton, was

sent to prison for three months, for not

being a deserter from the Buffs.

Bertie Kendall, bricklayer, was fined 5s

and costs for not bringing his name on his

collar on the 18th inst.

Alfred Bage, labourer, of Hunslet, was

charged with an indecent offence at Oulton,

on September 21st, to a girl thirteen years

of age, named Florence Watson, of 16, Quarry

Hill, Oulton, and was sent to prison for

three months, for not being a deserter from

the Buffs.

Zachariah Sneed, a carrier, employed at

the Leeds Copper Works, Oulton, was charged

with having defrauded his wife, Emily Sneed.

Mr. Willey defended the case and the case

ROTHWELL OUBROH HARVEST

FESTIVAL.

The harvest service in connection with

the above church was celebrated on Sunday

last. The church had been tastefully

decorated by Mrs. A. Barker, Mrs. H. Clark,

Mrs. Abbots, Mrs. Buck, Mrs. Harrison, Mrs.

Kilburn, Mrs. Newman, Mrs. Wormald, Miss

H. Clayton, Miss Newman, Miss Webster,

Miss Hirst and the Misses Arnold. Holy

Communion was celebrated in the morning,

which was followed by Maude, and Maude's

prayer was the prayer. The Rev. E. G. Bishop

(curate) was the preacher.

At the children's service a short address

was given by the vicar (Rev. E. G. W.

Bishop). The service was attended by

The Rev. E. B. Stannier (vicar of Kippax)

preached an appropriate sermon to a large

audience at the evening service, and the

choir under the conductorship of Mr. H.

Clark, rendered the anthem "Praise the

Lord, O my Soul." Mr. Sheldon presided at

the organ.

HUNSLY RURAL DISTRICT

OUTLAW-WOODLEESFORD CONTRIBUTORY

PLATE.

TO THE RURAL DISTRICT COUNCIL OF

HUNSLY.

WE, THE LOCAL GOVERNMENT BOARD,

having received and duly considered an application

from the Rural District Council of Hunslay, under

Section 4 of the Public Health Act, 1894, for the

issue of an Order putting in force certain

provisions of that Act in the contributory place of

Outlaw-Woodleesford, in this District, so far

as regards certain streets, do hereby Decline and

Order as follows:

ARTICLE 1.—That We do hereby decline to

make any order in relation to the sewerage

of the place, so far as they relate to the sewerage

of the place, so far as they relate to the sewerage

of the place, so far as they relate to the sewerage

of the place, so far as they relate to the sewerage

of the place, so far as they relate to the sewerage

of the place, so far as they relate to the sewerage

of the place, so far as they relate to the sewerage

of the place, so far as they relate to the sewerage

of the place, so far as they relate to the sewerage

of the place, so far as they relate to the sewerage

of the place, so far as they relate to the sewerage

of the place, so far as they relate to the sewerage

of the place, so far as they relate to the sewerage

of the place, so far as they relate to the sewerage

of the place, so far as they relate to the sewerage

of the place, so far as they relate to the sewerage

of the place, so far as they relate to the sewerage

of the place, so far as they relate to the sewerage

of the place, so far as they relate to the sewerage

of the place, so far as they relate to the sewerage

of the place, so far as they relate to the sewerage

of the place, so far as they relate to the sewerage

of the place, so far as they relate to the sewerage

of the place, so far as they relate to the sewerage

of the place, so far as they relate to the sewerage

of the place, so far as they relate to the sewerage

of the place, so far as they relate to the sewerage

of the place, so far as they relate to the sewerage

of the place, so far as they relate to the sewerage

of the place, so far as they relate to the sewerage

of the place, so far as they relate to the sewerage

of the place, so far as they relate to the sewerage

of the place, so far as they relate to the sewerage

of the place, so far as they relate to the sewerage

of the place, so far as they relate to the sewerage

be charged against frontagers in respect

of the added width and of the making up

of the road.

Mr. Abbshaw proposed and Mr. Lunn

reconciled the adoption of the minutes.

Mr. G. Armitage said there needed a little

correction in regard to the last resolution, re-

specting the Public Health Works Act. He

was not a party to it, when they were in-

formed by their Clerk that it was simply a

question of giving notice to the owners to

adopt the Private Streets Works Act. He

would like to ask the Chairman of the Com-

mittee if they proposed to widen Bailey Lane

up to Mr. Marshall's house, and whether they

expected Mr. Marshall to pay for it. He

was aware of the need for the road being

repaired, but he was not aware that there had

been any claim for the road being widened.

He would like to know if it was their inten-

tion to alter the road at the top. He had

been charged with having a personal interest

in the matter, but as far as he was concerned

it was all that he was prepared to sell the land.

He found that Bailey Lane was not to be

compared with the road on the top side of the

railway bridge where the rate was twelve

inches deep.

Mr. Abbshaw said the cost and everything

had been got out, and the Clerk said they

were practically clear with the exception of

one particular matter for which they had to

compensate a barrister. Anyone who went up

to Bailey Lane would say that it was in a very

deplorable condition. They had to begin

somewhere and they were beginning at the

right end.

Mr. G. Armitage: Do you propose to go on

further up Churchfields?

Mr. Abbshaw: I don't know yet.

Mr. Lunn said this question had been

before the Council for a number of years.

The Highway Committee had never held a

meeting this year but the question had been

raised. The Chairman was a most liberal

chairman in allowing a man to make a speech

in his own interest and for his own benefit.

It was a crying shame that a man should be

allowed to get up and voice his own interests.

He always thought Mr. G. Armitage was

the stumbling block and it now appeared it

was not. They were seeking advice as to whether

they could make these owners pay or not;

then they would realise as to what position

they stood in.

Mr. G. Armitage: Mr. Lunn says I have

been a stumbling block. He had never spoken

for or against or voted in any shape or form,

and Mr. Lunn ought to prove his statement

or withdraw it.

Mr. Lunn: I did not say Mr. Armitage had

spoken or voted. I said Mr. Armitage had

been the obstacle and I maintain it. It was

proved at the last committee meeting after

some discussion.

The Chairman said Mr. Armitage had never

interfered with this question. The road

required repairing; they were only seeking

information as to how to decide what steps

to take.

Mr. J. Armitage said whilst they were

getting the information they should get

information in regard to all the other roads

in the district. It was not a question of

Mr. Blakely said he disagreed with Mr. G.

Armitage as to Bailey Lane being in a fair

condition. They could not even get a motor

car to go up; it was in a most filthy con-

dition.

In answer to a question, the Surveyor said

that the width of the road opposite Mr.

Senor's was 24 feet, opposite Mr. Marshall's

was 18 feet, at the narrowest part in Bailey

Lane 13 feet.

ROTHWELL DISTRICT COUNCIL.

A monthly meeting of the above Council was

held on Monday evening last, at the offices

Boltonwell, there being in attendance Mr. S. B.

Chadwick (chairman) presiding, Walter Wade

(Deputy-chairman), Mr. Dobson, Mr. Dobson,

Mr. W. Blakey, J. B. Gordon, Wm. Lunn, G. Armitage, W. B. Johnston, J. W. H. Hemmingsworth, J. B. Farnham, J. W. Volland,

Mr. Abbotshaw in regard to the first question

asked he did not know of any other

responder. As to the other matter, Messrs

Wade and Chadwick, in reply to the question

of the Lord of the Manor about using pigsties

for storage.

Mr. Lunn said the County Council had

been asked if they would put the crossing in,

but they were only in favour of paying half

the cost, and the Council decided that

those who asked for the crossing in that

particular district should pay for it.

Mr. J. Armitage: If other people have not

paid for crossings I do not think it fair to ask

these people to do it.

The Chairman said this crossing was at

Stourton. For the crossing at the top of Bell

Hill, Messrs Chadwick had paid half the

cost and they had asked these people at Stourton

to do the same.

The minutes were approved.

FINANCE.

At a meeting of the Finance Committee

held November 8th, there were present,

Messrs John Dobson (chairman), George

Armitage, Abbotshaw, Chadwick, Lunn,

and Hemmingsworth.

Resolved, that the outstanding retention

moneys on the Bell Hill contract be paid

to Messrs P. D. Hayes & Son on

receipt of the County Surveyor's certificate

that the work is to his satisfaction.

The Auditor's report was considered.

Resolved, that the Tithes payable by

the Council be renewed, and that the

Public Works Loan Commissioners be

asked to advance the money sanctioned

to be borrowed for excess expenditure

on the Stourton Sewage Works.

Instructions were given for the final

allocations to be got out and served

on the frontages for the Private Street

Works in the idea, Stourton, and the

Clerk was instructed to report on the

proposals of the frontages for repayment.

A letter was read from Mr. A. Marshall

in reference to the raising of a field in

Churchfields and he was instructed to

apply for payment of the district rate on

same.

The minutes were passed on the motion

of Messrs J. Dobson & Hemmingsworth.

STOURTON.

At a meeting of the Sanitary Committee

held November 8th, there were present

Messrs Chadwick (chairman), Corbett,

Stourton and J. B. Johnston.

Resolved, that the Inspector be in-

structed to take samples under the Food

& Drugs Act for bacteriological examina-

tion by the County Analyst; that the

Council's disinfectant be only delivered

out to persons of 16 years or over; that

the Inspector write the Owner of Spurr

Row, Robin Hood, that the application

for the provision of additional sanitary

accommodation for 12 houses in

Spurr Row cannot be granted; and that

the Inspector write Mr. Westerman con-

senting to the removal of a pigstie and

of bins, to enable him to construct ad-

ditional conveniences for 6 houses in

Persuance Street and Prospect Street,

Stourton.

The Clerk reported interviews with

the Rivers Board and Mr. Johnson in regard

to the sewage scheme.

Resolved, that the East & West York-

shire Union Railway be asked to uncover

the sewer at the junction of the New-

market Branch where the embankment

has slipped.

The Inspector reported on an inspection

of the sewers in the district.

The Inspector presented his monthly

report which was as follows:—

During the past month 21. Nuisances

have been dealt with, 745 tons of refuse

have been removed from October 7th

to November 7th, 1909. 4 Houses have

been disinfected.

Additional closet accommodation has

been provided at Belton Row, Cross

Street, Rothwell, to the extent of 2

privies and an ashpit.

Two privies at Atherton Street and

two privies at Prospect Street, Stourton,

have been converted into w.c.s.

Additional closet accommodation has

been provided at Bright Eyes Row, Lof-

thouse, Messrs J. & C. Hemmingsworth's,

to the extent of five privies and the ashpit

have been reconstructed.

The four samples of milk recently sub-

mitted for bacteriological examination for

the presence of Tubercle Bacilli, all gave

negative results.

Six Canal Boats have been inspected,

all of which were satisfactory.

The Clerk reported that Mr. Wade

seconded the confirmation of the minutes.

Mr. J. Armitage asked for a report on the

sewer from Belton Road to Carlton Bridge.

The Sanitary Inspector said there were

no signs of any leakage to the third mainline, but

lower down Leadwell Lane there was some

sludge and road thick. There was a deposit

of about one inch thick from the first mainline

on the Rothwell side of the East and West

Railway.

Mr. J. Armitage said if there was an inch

deposit already they would soon have some

more, and that the pipes would require taking

up again. There ought to be something done

to stop the matter from going into the pipes.

The Chairman said if Messrs Simon & Co's

situation was drawn to the matter they would

very much prefer to have the matter dealt

with.

The minutes were approved.

HEALTH REPORT.

The Medical Officer reported that from

Oct. 18th, to Nov. 7th, there had been 37

deaths, 17 (males) and 20 (females) and 11 deaths

in Workhouse (1 male and 2 females). The

causes of death were:—Throbbing cough

(South Wales) 3; Tuberculosis (1 North

Wales) 1; Tuberculosis (North) 1; Cancer

FOOTBALL: 11

STOURTON UNITED v. WOODHOUSE
BRITANNIA

The above teams met on the Hospital Field, Stourton, on Saturday afternoon last in a Leeds and District Senior League encounter and before a capital attendance. In the

opening stages the home team pressed, but Salmon shot wide of the mark. The home front line combined very effectively and Woodhouse was compelled to defend. Grindrod transferred hostilities to the home half but Hornfield and McOough were very safe at back. Stourton next set up a vigorous onslaught on the visitors' goal, but they failed to utilize their chances. Play ried, even for a short time neither side scored. After a brilliant dribble in which all the home quintette took part, Butler scored for Stourton. Woodhouse now showed more determination in their attack, but were unable to break down the defence of the home team. The

Victors though Vigors were not as scientific as their opponents and the coolness of the home back division kept them at bay. The home team led by 1 goal to nil at the interval. Upon the resumption Stourton had decided to play the ball of the contest and Thomas secured the first goal. The score was 1 goal to nil. Stourton had matters nearly all their own way and McGough netted twice whilst Thomas increased their lead by netting two and a half goals. The home team were not so comfortable by 7 goals to nil, the result being a big surprise to Woodhouse. The superior play of the home team was pronounced; their victory was well deserved as their play was excellent.

NORTHERN TELEGRAMS CO. V.
ROTHWELL PLYER OUBUCH.

These teams played at Bedcote Park, Armley, on Saturday in the second qualifying round of the Leeds and District Cup. Roth-

well used the advantage from the confidence and were not long in scoring. H. Taylor doing the needful early on in the game. The Engineers had a brief spell in their opponent's quarters and then Periah broke away and from a capital centre by Taylor, Lunn added the second goal. After this, play became very keen, the referee having to caution several players for indulging in fatcuffs. The visitors, however, maintained the upper hand and had several hard lines in not increasing their score. Nuttall, Bury, and Farrer played well for the homesters, but they were outclassed, and Rothwell had the game well in their hands. At the interval, the visitors led by 2 goals to nil. The second half

OUZLEWELL GREEN v. BOTHWELL
CHURCH RESERVES.

About two hundred persons were present for the Oatland Green football game on Saturday afternoon last on the occasion of the above teams crossing swords in the second round of the Wakefield and District Junior Cup Competition. Arriving long before the appointed time, the spectators from the Green side were ambitious to go still further, and there was no small excitement amongst the large following when the game commenced. The wind was blowing from the north, and was rather steep, in the first half, and was to the advantage of the wind were no longer attacking, but after missing several chances to score, the visitors were enabled to score, and the Green team registered a goal. This reverse stimulated the Green side, and from a scoreless to the goal-mouth they rushed up and equalized, and later on scored a second goal. In the second half, the Green side were victorious. Eventually the visitors equalized, Lunn doing the needful. In subsequent play the visitors were very loose, and the Greenies attacking they were very fortunate in scoring a goal when the whistle blew for half-time. Two visitors playing down the slope the second half, missed an easy victory, but the

pick and determination to the arena. The crowd was so close to the action that the players were fortunate to be left with a draw. Nune said some sons, and play developing into a scrappy order, the teams became excited. The Smithson effecting a clever save, the homestars, and another shot hitting the crossbar, whilst the visitors' goal was being guarded during the last few minutes. The homestars' Lunn played a fine game but he made one serious mistake which nearly cost him a goal. Smithson in goal, although mistaking an easy shot played him a beautiful shot. The visitors' goal was accomplished the best work for their side. Nune especially being prominent by his accepting several dangerous movements. It is a pity that the homestars' players were not strong enough, their burly opponents being too heavy for them. Whitehead was the pick of the home forwards; playing as he did admirably for them. The visitors' goal was scored by Smithson, which the referee

cleared. He was always in receipt of a large share of careful attention at the hands of his opponents; during the second half he changed his position in the rank and was always in the thick. Chadwick and Boyd on the outside wings played well, the latter scoring two clever goals. There are one or two weak places in the team, however, when the Committee will doubtless remedy for the reply. Debon for the forward was the pick, but he was not so good as the other forwards, but his aim well in view. Rhoads played very well, being prominent on an occasion with a particularly fine individual effort. Both backs when played on a very weak. Birbeck in goal played a true. The visitors were fortunate in not being

feated, finding a match in their diminutive opponents. The game will be re-played at Rothwell in a week on Saturday, and there is strong hope of the Greenites entering

BOTHEWELL HAIGH v. MIDDLETON

An ordinary match between the above teams took place on the Mount Pleasant ground, Bothwell Haigh, on Saturday afternoon, before a moderate attendance. The

Nearly everyone writes, but how few with pleasure? Corruptive nibs and sticky ink one accepts as a matter of course on a holiday, and how often does the housewife scratch and snort? Gold Nibs, tipped with Iridium, cannot scratch; they are made with points of varying width to imitate the 16 other popular patterns, and they glide over the paper in a way that is simply marvellous.

Fountain holders keep ink fresh and fluid, and always at hand.

A Fountain Pen being a combination of gold nib and fountain holder, is therefore the perfect writing instrument.

The Ideal Fountain Pens are made by
CURZON, LOYD & MACGREGOR, LTD.
45, Abchurch Lane, London, E.C. 4.
